

TYPE-S ELITE BUSHING DIE SET - REDDING 204 RUGER BUSHING DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

INCLUDES - Type S - Bushing Full Sizing Die Type S - Bushing Neck Sizing Die Competition Seating Die Redding Reloading Equipment has once again established a new die set based on customer feedback. The past few years you have seen the introduction of many new sets like the National Match, Master Hunter and the Premiums as a result of changing trends in the category and stated desires of the customer base. The latest, the Redding, Type S Elite die set is also a direct result of customer feedback and is available for 85 different cartridges. The Type S Elite set is comprised of a Type S Bushing Full Die, A Type S Bushing Neck Die and the unparalleled Redding Competition Seating Die. All Type-S dies use an interchangeable bushing to control neck diameter and tension to an increment of 0.001". Bushings are available in hardened steel but also are available with a TIN (Titanium Nitride) coating for even greater lubricity. This allows the handloader complete control and precision when setting the appropriate neck tension without fear of over working the brass in the case neck. These bushings are also free-floating to self-center on the case neck for a higher degree of sizing accuracy. These features provide not only an enhanced degree of control but significant improvements to consistency and accuracy of the final loaded rounds.

Safety Instruction Guide for TYPES ELITE BUSHING DIE SET REDDING 204 RUGER BUSHING DIE SET

Introduction

Thank you for choosing the TYPES ELITE BUSHING DIE SET REDDING 204 RUGER BUSHING DIE SET. This product is designed for precision reloading and offers enhanced control and accuracy. To ensure your safety and the effective use of this product, please read and follow these safety instructions carefully.

General Safety Guidelines

- Ensure that the product is used in accordance with the manufacturer's instructions.
- Always inspect the die set for any damage or defects before use.
- Keep the die set out of reach of children and pets.
- Use the die set only for its intended purpose.
- Wear appropriate safety gear, including eye protection, while using this product.
- Store the die set in a dry and secure location when not in use.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Always ensure that the reloading area is clean and free from distractions.
- Do not exceed the recommended loads for any cartridge.
- Be cautious of the potential for lead exposure; use appropriate ventilation and wash hands after handling.
- Avoid any modifications to the die set that are not approved by the manufacturer.
- Ensure that all components used in conjunction with the die set are compatible and in good condition.
- Follow all local laws and regulations regarding reloading and ammunition.

Instructions for Installation and Usage

1. Installation:

- Ensure that your reloading press is securely mounted.
- Install the Type S Bushing Full Die into the press according to the manufacturer's instructions.
- Insert the Type S Bushing Neck Die into the press as per the guidelines provided.
- Attach the Competition Seating Die following the same procedure.
- Adjust the dies as needed to ensure proper alignment and function.

2. Usage:

- Before starting, ensure that all tools and materials are organized and within reach.
- Carefully read the instructions for each die to understand their specific functions.
- Adjust the bushings to achieve the desired neck tension, ensuring that they are securely in place.
- Perform a test run with dummy rounds to verify settings before loading live ammunition.
- Monitor the process closely and make adjustments as necessary to maintain accuracy.

Disposal Instructions

- Dispose of any unused or defective components in accordance with local regulations.
- Do not throw away used or damaged dies in regular trash; check for proper recycling or disposal methods.

- Ensure that any hazardous materials, such as lead, are disposed of safely and responsibly.

Contact Information for Further Support

For any questions or concerns regarding the TYPES ELITE BUSHING DIE SET, please refer to the manufacturer's website or contact their customer service for assistance.

By following these safety instructions, you can ensure a safe and effective reloading experience. Thank you for your attention to these guidelines, and happy reloading!
