

TYPE-S ELITE BUSHING DIE SET - REDDING 6MM BR REMINGTON BUSHING DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

INCLUDES - Type S - Bushing Full Sizing Die Type S - Bushing Neck Sizing Die Competition Seating Die Redding Reloading Equipment has once again established a new die set based on customer feedback. The past few years you have seen the introduction of many new sets like the National Match, Master Hunter and the Premiums as a result of changing trends in the category and stated desires of the customer base. The latest, the Redding, Type S Elite die set is also a direct result of customer feedback and is available for 85 different cartridges. The Type S Elite set is comprised of a Type S Bushing Full Die, A Type S Bushing Neck Die and the unparalleled Redding Competition Seating Die. All Type-S dies use an interchangeable bushing to control neck diameter and tension to an increment of 0.001". Bushings are available in hardened steel but also are available with a TIN (Titanium Nitride) coating for even greater lubricity. This allows the handloader complete control and precision when setting the appropriate neck tension without fear of over working the brass in the case neck. These bushings are also free-floating to self-center on the case neck for a higher degree of sizing accuracy. These features provide not only an enhanced degree of control but significant improvements to consistency and accuracy of the final loaded rounds.

Safety Instruction Guide for TYPES ELITE BUSHING DIE SET REDDING 6MM BR REMINGTON BUSHING DIE SET

Introduction

Thank you for choosing the TYPES ELITE BUSHING DIE SET by Redding. This guide provides essential safety instructions to ensure the safe and effective use of your die set. Please read and follow these guidelines carefully to avoid hazards and ensure optimal performance.

General Safety Guidelines

- Ensure that the die set is used only for its intended purpose as outlined in the product specifications.
- Keep the die set out of reach of children and vulnerable individuals.
- Always wear appropriate safety gear, including safety glasses, when operating reloading equipment.
- Inspect the die set for any damage before use. Do not use if any components are cracked, bent, or otherwise damaged.
- Follow all local laws and regulations regarding reloading and ammunition.
- Store the die set in a dry, secure location to prevent damage and unauthorized access.

Specific Safety Precautions for Use

• Hazard Identification:

- Risk of injury from improper handling of reloading equipment.
- Risk of damage to the die set if not used as intended.
- Risk of inconsistent ammunition quality if proper procedures are not followed.

• Avoiding Hazards:

- Always ensure that all components are clean and free from debris before use.
- Do not exceed recommended specifications for cartridge dimensions and materials.
- Use only compatible bushings with the Type S die set to maintain precision and safety.
- Avoid overworking the brass to prevent case failure during reloading.

• Age Specific Warnings:

- This product is intended for use by individuals who are 18 years of age or older. Ensure that minors are supervised by an adult when using this product.

Instructions for Installation and Usage

1. Installation:

- Ensure that your reloading press is securely mounted and stable.
- Select the appropriate die for your reloading needs:
 - Type S Bushing Full Sizing Die
 - Type S Bushing Neck Sizing Die
 - Competition Seating Die
- Follow the manufacturer's instructions for installing each die in your reloading press.

2. Usage:

- Set up your workspace to ensure it is welllit and free from distractions.
- Before starting, review the reloading process for your specific cartridge.
- Adjust the bushing to control neck diameter and tension according to your specifications.
- Use the Competition Seating Die for precise seating of bullets in cases.
- Monitor the reloading process closely to ensure consistent results and safety.

3. PostUsage:

- Clean the die set after each use to remove any residue or debris.
- Store the die set in its original packaging or a designated storage area to prevent damage.

Disposal Instructions

- Dispose of any damaged or worn components in accordance with local waste management regulations.
- Do not dispose of spent cartridges or reloading materials in regular household waste.
- Contact local authorities or recycling centers for proper disposal methods for hazardous materials.

Contact Information for Further Support

For any safety inquiries or assistance with your TYPES ELITE BUSHING DIE SET, please refer to the manufacturer's website or customer service. Ensure that you have the product details available when seeking support.

By following these safety instructions, you can help ensure a safe and enjoyable reloading experience with your TYPES ELITE BUSHING DIE SET. Always prioritize safety and adhere to best practices for reloading. Thank you for your attention to these important guidelines.
