

TYPE-S ELITE BUSHING DIE SET - REDDING 22 PPC USA BUSHING DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

INCLUDES - Type S - Bushing Full Sizing Die Type S - Bushing Neck Sizing Die Competition Seating Die Redding Reloading Equipment has once again established a new die set based on customer feedback. The past few years you have seen the introduction of many new sets like the National Match, Master Hunter and the Premiums as a result of changing trends in the category and stated desires of the customer base. The latest, the Redding, Type S Elite die set is also a direct result of customer feedback and is available for 85 different cartridges. The Type S Elite set is comprised of a Type S Bushing Full Die, A Type S Bushing Neck Die and the unparalleled Redding Competition Seating Die. All Type-S dies use an interchangeable bushing to control neck diameter and tension to an increment of 0.001". Bushings are available in hardened steel but also are available with a TIN (Titanium Nitride) coating for even greater lubricity. This allows the handloader complete control and precision when setting the appropriate neck tension without fear of over working the brass in the case neck. These bushings are also free-floating to self-center on the case neck for a higher degree of sizing accuracy. These features provide not only an enhanced degree of control but significant improvements to consistency and accuracy of the final loaded rounds.

Safety Instruction Guide for TYPES ELITE BUSHING DIE SET

Introduction

Thank you for choosing the TYPES ELITE BUSHING DIE SET by Redding. This guide provides important safety information and instructions to ensure the safe and effective use of your die set. Please read this guide carefully before using the product.

General Safety Guidelines

- Always use the die set in accordance with the manufacturer's instructions.
- Inspect the die set for any visible damage or defects before use.
- Keep the die set out of reach of children and vulnerable individuals.
- Use personal protective equipment (PPE) such as safety glasses and gloves when handling tools and materials.
- Ensure that your workspace is clean and well-lit to avoid accidents.
- Do not exceed the recommended specifications for the die set or the cartridges being used.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- **Hazard Identification:**

- The die set may produce metal shavings or debris during use. Handle with care to avoid cuts or injuries.
- Improper use of the die set may lead to damage of the brass or unsafe loading of cartridges.

- **Avoiding Hazards:**

- Always ensure the die set is securely attached to the reloading press before use.
- Do not attempt to modify or alter the die set in any way.
- Ensure that the bushing is properly seated in the die before commencing reloading.
- Be cautious of the neck tension settings to prevent overworking the brass.

Instructions for Installation and Usage

1. Installation:

- Carefully unpack the die set and inspect for any damage.
- Attach the Type S Bushing Full Die to your reloading press according to the manufacturer's instructions.
- Insert the appropriate bushing into the die, ensuring it is securely in place.
- Repeat the process for the Type S Bushing Neck Die and the Competition Seating Die.

2. Usage:

- Follow the reloading process as outlined in the reloading manual specific to your cartridge.
- Adjust the neck tension by selecting the appropriate bushing size.
- Ensure that the case is properly positioned in the die before applying pressure.
- After resizing, check the neck tension and adjust as necessary for optimal performance.
- When seating bullets, ensure proper alignment and apply consistent pressure.

Disposal Instructions

- Dispose of any metal shavings, debris, or defective components in accordance with local regulations.
- Do not dispose of the die set in regular household waste if it is damaged or defective. Follow local guidelines for hazardous waste disposal.

Contact Information for Further Support

For any questions or concerns regarding the TYPES ELITE BUSHING DIE SET, please refer to the manufacturer's official website or customer support channels for assistance.

Thank you for your attention to these safety guidelines. Enjoy using your TYPES ELITE BUSHING DIE SET responsibly and safely.
