

# TYPE-S ELITE BUSHING DIE SET - REDDING 24 NOSLER BUSHING DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

INCLUDES - Type S - Bushing Full Sizing Die Type S - Bushing Neck Sizing Die Competition Seating Die Redding Reloading Equipment has once again established a new die set based on customer feedback. The past few years you have seen the introduction of many new sets like the National Match, Master Hunter and the Premiums as a result of changing trends in the category and stated desires of the customer base. The latest, the Redding, Type S Elite die set is also a direct result of customer feedback and is available for 85 different cartridges. The Type S Elite set is comprised of a Type S Bushing Full Die, A Type S Bushing Neck Die and the unparalleled Redding Competition Seating Die. All Type-S dies use an interchangeable bushing to control neck diameter and tension to an increment of 0.001". Bushings are available in hardened steel but also are available with a TIN (Titanium Nitride) coating for even greater lubricity. This allows the handloader complete control and precision when setting the appropriate neck tension without fear of over working the brass in the case neck. These bushings are also free-floating to self-center on the case neck for a higher degree of sizing accuracy. These features provide not only an enhanced degree of control but significant improvements to consistency and accuracy of the final loaded rounds.

## Attributes

- Name: [REDDING 24 NOSLER BUSHING DIE SET](#)

# Safety Instruction Guide for TYPES ELITE BUSHING DIE SET REDDING 24 NOSLER BUSHING DIE SET

## Introduction

Thank you for choosing the TYPES ELITE BUSHING DIE SET. This guide provides essential safety instructions and information to ensure safe and effective use of the product. Please read this document carefully before using the die set.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose as specified in the product description.
- Always wear appropriate safety gear, including safety glasses and gloves, when using reloading equipment.
- Keep the die set out of reach of children and unauthorized users.
- Regularly inspect the die set for any signs of wear or damage before use.
- In the event of any malfunction or abnormal operation, discontinue use immediately and seek assistance.

## Specific Safety Precautions for Use

- Before starting the reloading process, ensure that your workspace is clean and wellorganized.
- Use only compatible cartridges as specified for the TYPES ELITE BUSHING DIE SET. Using incompatible cartridges can pose safety risks.
- Always follow the manufacturer's recommended procedures for reloading ammunition.
- Avoid overworking the brass in the case neck to prevent potential case failures.
- Ensure that the bushings are properly installed and secured before use to maintain accuracy and safety.
- Never exceed the recommended load specifications for your cartridges.
- Handle all reloading components with care to avoid accidents.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and materials, including the TYPES ELITE BUSHING DIE SET, brass cases, and reloading components.
- Ensure you have a clean and safe workspace.

### 2. Installation:

- Securely mount the die set in your reloading press according to the manufacturer's instructions.
- Select and install the appropriate bushing for your desired neck diameter.

### 3. Usage:

- Start with the Bushing Full Sizing Die to resize the brass cases.
- Follow with the Bushing Neck Sizing Die to achieve the desired neck tension.
- Finally, use the Competition Seating Die to seat the bullets accurately.
- Monitor the progress and inspect each round for consistency and safety.

### 4. PostUsage:

- Clean the die set after each use to maintain its functionality and prevent corrosion.
- Store the die set in a safe and dry location when not in use.

## **Disposal Instructions**

- Dispose of any damaged or worn components of the die set in accordance with local regulations.
- Recycle materials where possible to minimize environmental impact.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding this product, please refer to the manufacturer's contact information available on their official website or product packaging.

By following this safety instruction guide, you can ensure a safe and effective reloading experience with the TYPES ELITE BUSHING DIE SET. Thank you for your attention to these important safety measures.
