

TYPE-S ELITE BUSHING DIE SET - REDDING 224 VALKYRIE BUSHING DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

INCLUDES - Type S - Bushing Full Sizing Die Type S - Bushing Neck Sizing Die Competition Seating Die Redding Reloading Equipment has once again established a new die set based on customer feedback. The past few years you have seen the introduction of many new sets like the National Match, Master Hunter and the Premiums as a result of changing trends in the category and stated desires of the customer base. The latest, the Redding, Type S Elite die set is also a direct result of customer feedback and is available for 85 different cartridges. The Type S Elite set is comprised of a Type S Bushing Full Die, A Type S Bushing Neck Die and the unparalleled Redding Competition Seating Die. All Type-S dies use an interchangeable bushing to control neck diameter and tension to an increment of 0.001". Bushings are available in hardened steel but also are available with a TIN (Titanium Nitride) coating for even greater lubricity. This allows the handloader complete control and precision when setting the appropriate neck tension without fear of over working the brass in the case neck. These bushings are also free-floating to self-center on the case neck for a higher degree of sizing accuracy. These features provide not only an enhanced degree of control but significant improvements to consistency and accuracy of the final loaded rounds.

Attributes

- Name: [REDDING 224 VALKYRIE BUSHING DIE SET](#)

Safety Instruction Guide for TYPES ELITE BUSHING DIE SET REDDING 224 VALKYRIE BUSHING DIE SET

Introduction

Thank you for choosing the TYPES ELITE BUSHING DIE SET REDDING 224 VALKYRIE BUSHING DIE SET. This guide provides essential safety instructions and information to ensure the safe and effective use of your die set. Please read this guide thoroughly before use to minimize risks and ensure compliance with safety regulations.

General Safety Guidelines

- Ensure that the die set is used only for its intended purpose.
- Always follow the manufacturer's instructions for setup and use.
- Store the die set in a dry, cool place away from direct sunlight.
- Keep the die set out of reach of children and vulnerable individuals.
- Regularly inspect the die set for any signs of wear or damage before use.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, including eye protection, when using the die set.
- Avoid wearing loose clothing or jewelry that could get caught in the equipment.
- Ensure that the work area is clean and free from clutter to prevent accidents.
- Use the die set only with compatible cartridges as specified by the manufacturer.
- Do not exceed the recommended neck tension settings to prevent damage to the brass.
- Ensure the bushing is securely attached before sizing to avoid malfunctions.
- Never force the die set if it does not operate smoothly; check for obstructions or misalignment.
- Be cautious when handling sharp tools or components.

Instructions for Installation and Usage

1. Unboxing and Inspection

- Carefully remove the die set from its packaging.
- Inspect all components for any visible damage or defects.

2. Setting Up the Die Set

- Place the Type S Bushing Full Die and Type S Bushing Neck Die into the reloading press according to the manufacturer's instructions.
- Ensure that the dies are tightened securely to prevent movement during operation.

3. Adjusting the Bushing

- Select the appropriate bushing for the desired neck diameter.
- Install the bushing into the die, ensuring it is seated properly.
- Adjust the neck tension incrementally, checking after each adjustment.

4. Using the Competition Seating Die

- Set the Competition Seating Die to the desired bullet seating depth.
- Verify the seating depth with a caliper before proceeding with reloading.

5. Reloading Process

- Follow standard reloading procedures, ensuring that each step is performed with care.
- Monitor for any irregularities during the reloading process.

6. PostUsage Care

- Clean the dies after use to prevent corrosion and maintain performance.
- Store the die set in its original packaging or a protective case to avoid damage.

Disposal Instructions

- Dispose of any damaged components in accordance with local regulations.
- Recycle packaging materials where possible.
- Do not dispose of the die set in regular household waste if it contains hazardous materials.

Contact Information for Further Support

For any questions or concerns regarding the TYPES ELITE BUSHING DIE SET REDDING 224 VALKYRIE BUSHING DIE SET, please refer to the manufacturer's website or contact customer support for assistance.

Thank you for prioritizing safety while using your die set. Your attention to these guidelines will help ensure a safe and enjoyable reloading experience.
