

TYPE-S ELITE BUSHING DIE SET - REDDING 280 ACKLEY IMPROVED BUSHING DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

INCLUDES - Type S - Bushing Full Sizing Die Type S - Bushing Neck Sizing Die Competition Seating Die Redding Reloading Equipment has once again established a new die set based on customer feedback. The past few years you have seen the introduction of many new sets like the National Match, Master Hunter and the Premiums as a result of changing trends in the category and stated desires of the customer base. The latest, the Redding, Type S Elite die set is also a direct result of customer feedback and is available for 85 different cartridges. The Type S Elite set is comprised of a Type S Bushing Full Die, A Type S Bushing Neck Die and the unparalleled Redding Competition Seating Die. All Type-S dies use an interchangeable bushing to control neck diameter and tension to an increment of 0.001". Bushings are available in hardened steel but also are available with a TIN (Titanium Nitride) coating for even greater lubricity. This allows the handloader complete control and precision when setting the appropriate neck tension without fear of over working the brass in the case neck. These bushings are also free-floating to self-center on the case neck for a higher degree of sizing accuracy. These features provide not only an enhanced degree of control but significant improvements to consistency and accuracy of the final loaded rounds.

Safety Instruction Guide for TYPES ELITE BUSHING DIE SET REDDING 280 ACKLEY IMPROVED BUSHING DIE SET

Introduction

Thank you for choosing the TYPES ELITE BUSHING DIE SET from Redding. This guide provides essential safety instructions and usage guidelines to ensure your safe and effective use of this product. Please read this manual thoroughly before using the die set.

General Safety Guidelines

- Always handle the die set with care to avoid injury.
- Ensure that the die set is used only for its intended purpose.
- Keep the die set out of reach of children and vulnerable individuals.
- Regularly inspect the die set for any signs of damage or wear before use.
- If any part of the die set is damaged, do not use it until it has been repaired or replaced.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, such as safety glasses, when using the die set.
- Do not exceed the recommended specifications for the cartridges you are loading.
- Ensure that the work area is clean and free from obstructions to prevent accidents.
- Be cautious of sharp edges on the die set to avoid cuts or punctures.
- Use the die set in a wellventilated area to avoid inhaling any dust or debris.

Instructions for Installation and Usage

1. Preparation:

- Ensure that your reloading equipment is clean and in good working condition.
- Read the manufacturer's guidelines for your specific reloading press.

2. Installation:

- Securely mount the die set onto your reloading press as per the manufacturer's instructions.
- Make sure the die is tightened properly to prevent movement during use.

3. Using the Bushing Full Sizing Die:

- Insert the case into the die and adjust the bushing for the desired neck tension.
- Operate the reloading press to size the case fully.

4. Using the Bushing Neck Sizing Die:

- Replace the full sizing die with the neck sizing die.
- Adjust the bushing to achieve the desired neck tension.
- Operate the press to size the neck of the case.

5. Using the Competition Seating Die:

- Insert the bullet into the case mouth.
- Adjust the seating depth according to your specifications.

- Operate the press to seat the bullet firmly.

6. PostUse:

- Clean the die set after each use to prevent corrosion and maintain performance.
- Store the die set in a dry place, away from moisture.

Disposal Instructions

- Dispose of any damaged or unusable parts of the die set according to local regulations.
- Do not dispose of the die set in regular household waste. Check with local authorities for proper disposal methods.

Contact Information for Further Support

For any inquiries or concerns regarding the TYPES ELITE BUSHING DIE SET, please refer to the manufacturer's contact information provided with your product packaging.

Conclusion

Following these safety instructions will help ensure a safe and enjoyable reloading experience. Always prioritize safety and adhere to the guidelines provided in this manual. Thank you for choosing Redding for your reloading needs.
