

TYPE-S ELITE BUSHING DIE SET - REDDING 6.5MM CREEDMOOR BUSHING DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

INCLUDES - Type S - Bushing Full Sizing Die Type S - Bushing Neck Sizing Die Competition Seating Die Redding Reloading Equipment has once again established a new die set based on customer feedback. The past few years you have seen the introduction of many new sets like the National Match, Master Hunter and the Premiums as a result of changing trends in the category and stated desires of the customer base. The latest, the Redding, Type S Elite die set is also a direct result of customer feedback and is available for 85 different cartridges. The Type S Elite set is comprised of a Type S Bushing Full Die, A Type S Bushing Neck Die and the unparalleled Redding Competition Seating Die. All Type-S dies use an interchangeable bushing to control neck diameter and tension to an increment of 0.001". Bushings are available in hardened steel but also are available with a TIN (Titanium Nitride) coating for even greater lubricity. This allows the handloader complete control and precision when setting the appropriate neck tension without fear of over working the brass in the case neck. These bushings are also free-floating to self-center on the case neck for a higher degree of sizing accuracy. These features provide not only an enhanced degree of control but significant improvements to consistency and accuracy of the final loaded rounds.

Safety Instruction Guide for TYPES ELITE BUSHING DIE SET REDDING 6.5MM CREEDMOOR BUSHING DIE SET

Introduction

Thank you for choosing the TYPES ELITE BUSHING DIE SET from Redding. This product is designed to enhance your reloading experience with precision and control. Please read this safety instruction guide carefully to ensure safe and effective use of the die set.

General Safety Guidelines

To ensure your safety and the safety of others, please follow these guidelines:

- Always read and follow the manufacturer's instructions.
- Keep the die set out of reach of children and unauthorized users.
- Use the product only for its intended purpose.
- Inspect the die set for any damage before use. Do not use if damaged.
- Wear appropriate safety gear, including safety glasses, when using the die set.
- Ensure that your workspace is clean, dry, and welllit.
- Store the die set in a secure location when not in use.

Specific Safety Precautions for Use

When using the TYPES ELITE BUSHING DIE SET, please observe the following precautions:

- **Handling:** Always handle the die set with care to avoid injury from sharp edges.
- **Assembly:** Ensure that all components are securely assembled before use.
- **Adjustment:** Make adjustments to the bushing and die settings carefully to avoid overworking the brass.
- **Lubrication:** Use appropriate lubrication on the bushings to prevent wear and ensure smooth operation.
- **Brass Inspection:** Regularly inspect your brass cases for signs of wear or damage.
- **Ventilation:** Use the die set in a wellventilated area to avoid inhalation of any fumes or dust.

Instructions for Installation and Usage

Follow these steps for the proper installation and use of the TYPES ELITE BUSHING DIE SET:

1. Installation:

- Secure the die set in your reloading press according to the manufacturer's instructions.
- Ensure that the bushing is correctly fitted into the full sizing die and neck sizing die.
- Adjust the die settings according to your specific reloading needs.

2. Usage:

- Begin by preparing your brass cases, ensuring they are clean and free of debris.
- Insert the case into the sizing die and apply steady pressure to resize the case.
- Adjust the neck tension by changing the bushing as needed to achieve the desired fit.
- After resizing, proceed to the seating die to properly seat the bullet.

3. PostUse:

- Remove the die set from the press and clean any residue or debris.

- Store the die set in a safe and dry location.

Disposal Instructions

When disposing of the TYPES ELITE BUSHING DIE SET, please follow these guidelines:

- Do not dispose of the die set in regular household waste.
- Check local regulations for disposal of metal products.
- Consider recycling the components if possible.

Contact Information for Further Support

For any questions or concerns regarding the TYPES ELITE BUSHING DIE SET, please refer to the manufacturer's contact details provided in the packaging or on their official website.

By following these safety instructions, you can ensure a safe and effective reloading experience with your TYPES ELITE BUSHING DIE SET. Thank you for your attention to safety.
