

# TYPE-S ELITE BUSHING DIE SET - REDDING 6.5MM GRENDEL BUSHING DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

INCLUDES - Type S - Bushing Full Sizing Die Type S - Bushing Neck Sizing Die Competition Seating Die Redding Reloading Equipment has once again established a new die set based on customer feedback. The past few years you have seen the introduction of many new sets like the National Match, Master Hunter and the Premiums as a result of changing trends in the category and stated desires of the customer base. The latest, the Redding, Type S Elite die set is also a direct result of customer feedback and is available for 85 different cartridges. The Type S Elite set is comprised of a Type S Bushing Full Die, A Type S Bushing Neck Die and the unparalleled Redding Competition Seating Die. All Type-S dies use an interchangeable bushing to control neck diameter and tension to an increment of 0.001". Bushings are available in hardened steel but also are available with a TIN (Titanium Nitride) coating for even greater lubricity. This allows the handloader complete control and precision when setting the appropriate neck tension without fear of over working the brass in the case neck. These bushings are also free-floating to self-center on the case neck for a higher degree of sizing accuracy. These features provide not only an enhanced degree of control but significant improvements to consistency and accuracy of the final loaded rounds.

## Attributes

- Name: [REDDING 6.5MM GRENDEL BUSHING DIE SET](#)

# Safety Instruction Guide for TYPES ELITE BUSHING DIE SET

## Introduction

Thank you for choosing the TYPES ELITE BUSHING DIE SET REDDING 6.5MM GRENDDEL BUSHING DIE SET. This guide provides essential safety information and instructions to ensure the safe use of this product. Please read this guide carefully before using the die set.

## General Safety Guidelines

- Ensure that all safety measures are followed during the handling and usage of the die set.
- Keep the die set out of reach of children and vulnerable individuals.
- Regularly check for any signs of wear or damage before use.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when operating the die set.
- Report any unsafe conditions or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- **Product Safety:** This die set is designed for reloading ammunition and should only be used for its intended purpose. Do not modify the die set in any way that could compromise safety.
- **Handling:** Handle the dies with care to avoid injury from sharp edges. Use appropriate tools to adjust or change bushings to prevent hand injuries.
- **Usage:** Ensure that the die set is securely mounted to your reloading press before use. Do not exceed the recommended load limits for any cartridge.
- **Storage:** Store the die set in a cool, dry place away from direct sunlight and moisture. Keep the die set in its original packaging or a suitable protective case when not in use.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure your reloading press is clean and free of debris.
- Carefully remove the die set from its packaging.
- Install the Type S Bushing Full Die into the reloading press according to the manufacturer's instructions.
- Secure the die tightly to prevent movement during operation.
- Repeat the process for the Type S Bushing Neck Die and the Competition Seating Die.

### 2. Usage:

- Adjust the bushing to the desired neck diameter and tension.
- Use the bushings with care, ensuring they are freefloating to selfcenter on the case neck.
- Follow the reloading process stepbystep, ensuring that each stage is completed before moving to the next.
- Monitor the amount of neck tension applied to avoid overworking the brass.
- Inspect the finished rounds for consistency and accuracy.

## Disposal Instructions

- Dispose of any used or damaged components in accordance with local regulations.
- Do not dispose of the die set in regular household waste. Check for recycling options specific to metal.

and plastic materials.

- Ensure that all packaging materials are disposed of responsibly.

## **Contact Information for Further Support**

For any inquiries regarding the safety or use of the TYPES ELITE BUSHING DIE SET, please contact the manufacturer or your local retailer.

Remember to regularly check for updates regarding product recalls or safety alerts on the EU's Safety Gate platform.

By following these guidelines, you can ensure a safe and effective reloading experience with your TYPES ELITE BUSHING DIE SET. Thank you for your attention to safety.
