

# TYPE-S ELITE BUSHING DIE SET - 6.5X47MM LAPUA BUSHING DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

INCLUDES - Type S - Bushing Full Sizing Die Type S - Bushing Neck Sizing Die Competition Seating Die Redding Reloading Equipment has once again established a new die set based on customer feedback. The past few years you have seen the introduction of many new sets like the National Match, Master Hunter and the Premiums as a result of changing trends in the category and stated desires of the customer base. The latest, the Redding, Type S Elite die set is also a direct result of customer feedback and is available for 85 different cartridges. The Type S Elite set is comprised of a Type S Bushing Full Die, A Type S Bushing Neck Die and the unparalleled Redding Competition Seating Die. All Type-S dies use an interchangeable bushing to control neck diameter and tension to an increment of 0.001". Bushings are available in hardened steel but also are available with a TIN (Titanium Nitride) coating for even greater lubricity. This allows the handloader complete control and precision when setting the appropriate neck tension without fear of over working the brass in the case neck. These bushings are also free-floating to self-center on the case neck for a higher degree of sizing accuracy. These features provide not only an enhanced degree of control but significant improvements to consistency and accuracy of the final loaded rounds.

## Attributes

- Name: [6.5X47MM LAPUA BUSHING DIE SET](#)

## BUSHING DIE SET Safety Instruction Guide

### Introduction

Thank you for choosing the TYPES ELITE BUSHING DIE SET. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of this product. Please read this document carefully before using the die set.

### General Safety Guidelines

- Always follow the manufacturer's instructions for use.
- Ensure that the die set is used only for its intended purpose.
- Keep the die set out of reach of children and vulnerable individuals.
- Regularly inspect the die set for any signs of damage or wear.
- Do not attempt to modify or repair the die set yourself.
- Use appropriate personal protective equipment (PPE) such as safety glasses and gloves when using the die set.
- Report any unsafe conditions or incidents to the appropriate authorities.

### Specific Safety Precautions for Use

- **Handling Bushings:**
  - Handle bushings with care to avoid injury. Sharp edges may be present.
  - Ensure bushings are securely fitted before use to prevent accidents.
- **Neck Sizing:**
  - Be cautious when adjusting neck tension. Overworking the brass may lead to case failure.
- **Lubrication:**
  - Use only recommended lubricants to avoid damaging the die set or cases.
  - Ensure that the TIN (Titanium Nitride) coated bushings are not damaged during use.
- **Work Environment:**
  - Use the die set in a wellventilated area to avoid inhalation of dust or fumes.
  - Maintain a clean and organized workspace to prevent accidents.

### Instructions for Installation and Usage

#### 1. Installation:

- Ensure your reloading press is compatible with the die set.
- Securely mount the Type S Bushing Full Die and Type S Bushing Neck Die to the press.
- Insert the appropriate bushing into the full sizing die and neck sizing die as required.

#### 2. Usage:

- Adjust the bushing to achieve the desired neck tension, ensuring it is set to an increment of 0.001".
- Place the brass case into the die and operate the press to resize the case.
- For seating bullets, use the Redding Competition Seating Die according to the manufacturer's instructions.
- Regularly check the dimensions of the case necks to ensure they meet specifications.

#### 3. PostUse:

- Clean the die set after each use to maintain performance and longevity.
- Store the die set in a safe, dry location away from children.

## **Disposal Instructions**

- Dispose of any damaged or worn components of the die set in accordance with local regulations.
- Do not dispose of the die set in regular household waste. Check for recycling options or hazardous waste disposal facilities in your area.

## **Contact Information for Further Support**

For any inquiries regarding the safety and use of the TYPES ELITE BUSHING DIE SET, please refer to the manufacturer's contact information provided with the product.

## **Conclusion**

By following these safety instructions and guidelines, you can ensure a safe and effective experience with the TYPES ELITE BUSHING DIE SET. Always prioritize safety and report any concerns to the appropriate authorities. Thank you for your commitment to safe reloading practices.
