

# TYPE-S ELITE BUSHING DIE SET - REDDING 6.5 PRC BUSHING DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

INCLUDES - Type S - Bushing Full Sizing Die Type S - Bushing Neck Sizing Die Competition Seating Die Redding Reloading Equipment has once again established a new die set based on customer feedback. The past few years you have seen the introduction of many new sets like the National Match, Master Hunter and the Premiums as a result of changing trends in the category and stated desires of the customer base. The latest, the Redding, Type S Elite die set is also a direct result of customer feedback and is available for 85 different cartridges. The Type S Elite set is comprised of a Type S Bushing Full Die, A Type S Bushing Neck Die and the unparalleled Redding Competition Seating Die. All Type-S dies use an interchangeable bushing to control neck diameter and tension to an increment of 0.001". Bushings are available in hardened steel but also are available with a TIN (Titanium Nitride) coating for even greater lubricity. This allows the handloader complete control and precision when setting the appropriate neck tension without fear of over working the brass in the case neck. These bushings are also free-floating to self-center on the case neck for a higher degree of sizing accuracy. These features provide not only an enhanced degree of control but significant improvements to consistency and accuracy of the final loaded rounds.

## Attributes

- Name: [REDDING 6.5 PRC BUSHING DIE SET](#)

# Safety Instruction Guide for TYPES ELITE BUSHING DIE SET REDDING 6.5 PRC BUSHING DIE SET

## Introduction

Thank you for choosing the TYPES ELITE BUSHING DIE SET REDDING 6.5 PRC BUSHING DIE SET. This guide provides essential safety instructions to ensure your safe and effective use of the product. Please read and understand the following guidelines before use.

## General Safety Guidelines

- Ensure that the die set is used in accordance with the manufacturer's instructions.
- Keep the die set out of reach of children and vulnerable individuals.
- Inspect the die set for any damage or defects before use. Do not use if damaged.
- Use personal protective equipment (PPE) such as safety glasses and gloves when operating the die set.
- Ensure your workspace is clean and organized to prevent accidents.
- Follow all local laws and regulations regarding reloading and ammunition.

## Specific Safety Precautions for Use

- Always work in a wellventilated area to avoid inhalation of any dust or fumes.
- Use the proper caliber bushing for your specific cartridge to avoid complications or accidents.
- Ensure that the bushing is securely attached before sizing cases.
- Do not exceed the recommended neck tension settings to prevent case damage or failure.
- Avoid overworking brass to maintain structural integrity and safety during firing.
- Be cautious when handling and disposing of spent primers and brass casings.

## Instructions for Installation and Usage

### Installation

1. **Prepare Your Workspace:** Ensure your reloading bench is clean and free from clutter.
2. **Gather Tools:** You will need the TYPES ELITE BUSHING DIE SET, a reloading press, and the appropriate bushings.
3. **Install the Full Sizing Die:**
  - Insert the Full Sizing Die into the reloading press.
  - Adjust the die to the correct height according to the manufacturer's instructions.
4. **Install the Neck Sizing Die:**
  - Insert the Neck Sizing Die into the reloading press.
  - Adjust as needed for your specific cartridge.
5. **Install the Competition Seating Die:**
  - Insert the Competition Seating Die into the reloading press.
  - Follow the instructions to set the desired bullet seating depth.

### Usage

1. **Select the Right Bushing:** Choose the appropriate bushing for your desired neck diameter and tension.
2. **Check Bushing Fit:** Ensure the bushing fits snugly and securely in the die.
3. **Full Length Sizing:**
  - Insert the case into the Full Sizing Die.
  - Operate the press to size the case fully.
4. **Neck Sizing:**

- Replace the Full Sizing Die with the Neck Sizing Die.
- Insert the case and operate the press to size the neck.

**5. Seating Bullets:**

- Replace the Neck Sizing Die with the Competition Seating Die.
- Insert a bullet into the case and operate the press to seat the bullet to the desired depth.

**6. Inspect Finished Rounds:** Check each loaded round for proper dimensions and bullet seating.

## Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Recycle spent brass casings where allowed. Check with local recycling centers for guidelines.
- Do not dispose of any components in a manner that could harm the environment.

## Contact Information for Further Support

For any questions or concerns regarding the use of the TYPES ELITE BUSHING DIE SET, please refer to the manufacturer's website or contact their customer support team for assistance. Always ensure you are following the most current safety guidelines and recommendations.

By adhering to these safety instructions, you can ensure a safe and effective reloading experience with the TYPES ELITE BUSHING DIE SET REDDING 6.5 PRC BUSHING DIE SET. Thank you for your attention to safety and best practices.
