

# TYPE-S ELITE BUSHING DIE SET - REDDING 30 BR BUSHING DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

INCLUDES - Type S - Bushing Full Sizing Die Type S - Bushing Neck Sizing Die Competition Seating Die Redding Reloading Equipment has once again established a new die set based on customer feedback. The past few years you have seen the introduction of many new sets like the National Match, Master Hunter and the Premiums as a result of changing trends in the category and stated desires of the customer base. The latest, the Redding, Type S Elite die set is also a direct result of customer feedback and is available for 85 different cartridges. The Type S Elite set is comprised of a Type S Bushing Full Die, A Type S Bushing Neck Die and the unparalleled Redding Competition Seating Die. All Type-S dies use an interchangeable bushing to control neck diameter and tension to an increment of 0.001". Bushings are available in hardened steel but also are available with a TIN (Titanium Nitride) coating for even greater lubricity. This allows the handloader complete control and precision when setting the appropriate neck tension without fear of over working the brass in the case neck. These bushings are also free-floating to self- center on the case neck for a higher degree of sizing accuracy. These features provide not only an enhanced degree of control but significant improvements to consistency and accuracy of the final loaded rounds.

## Attributes

- Name: [REDDING 30 BR BUSHING DIE SET](#)

# Safety Instruction Guide for TYPES ELITE BUSHING DIE SET

## Introduction

Thank you for choosing the TYPES ELITE BUSHING DIE SET. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of this reloading equipment. Following these instructions will help you avoid potential hazards and ensure a successful reloading experience.

## General Safety Guidelines

- Ensure safe use of the TYPES ELITE BUSHING DIE SET by following all instructions carefully.
- Always use the die set in a wellventilated area to avoid inhalation of dust or fumes.
- Keep the die set out of reach of children and unauthorized users.
- Regularly inspect the die set for any signs of wear, damage, or malfunction before use.
- Use appropriate personal protective equipment (PPE) such as safety glasses and gloves when operating the die set.
- Be aware of the specific cartridge type you are using and ensure compatibility with the die set.
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Always read and understand the instructions provided with the die set before use.
- Never exceed the recommended load specifications for the cartridges you are reloading.
- Avoid using the die set if you are under the influence of drugs or alcohol.
- Ensure that the reloading press is securely mounted and stable before use.
- Keep your workspace clean and organized to minimize the risk of accidents.
- Do not use the die set for purposes other than its intended use.
- Handle all components of the die set with care to prevent injury.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that the reloading press is turned off and unplugged before installation.
- Carefully follow the manufacturer's instructions to install the TYPES ELITE BUSHING DIE SET into the reloading press.
- Use the appropriate tools to secure the die set, ensuring it is firmly in place.

### 2. Usage:

- Select the correct bushing for the desired neck diameter and install it in the full sizing die.
- Adjust the die to achieve the desired neck tension, ensuring it is set to an increment of 0.001".
- Place the brass case into the reloading press and follow the steps for sizing, neck tension control, and seating.
- Monitor the process closely and make adjustments as necessary to maintain precision and accuracy.
- After reloading, inspect the cartridges for any defects or irregularities.

## Disposal Instructions

- Dispose of any unused or damaged components of the die set in accordance with local regulations.
- Ensure that all materials are disposed of safely to prevent environmental contamination.

- Recycle packaging materials where possible.

## **Contact Information for Further Support**

For any questions or concerns regarding the TYPES ELITE BUSHING DIE SET, please refer to the manufacturer's website or customer support resources. Ensure that you have the product information readily available for efficient assistance.

By following these safety instructions and guidelines, you will help ensure your safety and the effective use of the TYPES ELITE BUSHING DIE SET. Thank you for your attention to these important details. Happy reloading!
