

TYPE-S ELITE BUSHING DIE SET - REDDING 6 XC BUSHING DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

INCLUDES - Type S - Bushing Full Sizing Die Type S - Bushing Neck Sizing Die Competition Seating Die Redding Reloading Equipment has once again established a new die set based on customer feedback. The past few years you have seen the introduction of many new sets like the National Match, Master Hunter and the Premiums as a result of changing trends in the category and stated desires of the customer base. The latest, the Redding, Type S Elite die set is also a direct result of customer feedback and is available for 85 different cartridges. The Type S Elite set is comprised of a Type S Bushing Full Die, A Type S Bushing Neck Die and the unparalleled Redding Competition Seating Die. All Type-S dies use an interchangeable bushing to control neck diameter and tension to an increment of 0.001". Bushings are available in hardened steel but also are available with a TIN (Titanium Nitride) coating for even greater lubricity. This allows the handloader complete control and precision when setting the appropriate neck tension without fear of over working the brass in the case neck. These bushings are also free-floating to self- center on the case neck for a higher degree of sizing accuracy. These features provide not only an enhanced degree of control but significant improvements to consistency and accuracy of the final loaded rounds.

Attributes

Safety Instruction Guide for TYPES ELITE BUSHING DIE SET REDDING 6 XC BUSHING DIE SET

Introduction

Thank you for choosing the TYPES ELITE BUSHING DIE SET REDDING 6 XC BUSHING DIE SET. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read this manual carefully before using the die set to maximize your safety and performance.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Keep the die set out of reach of children and vulnerable individuals.
- Regularly inspect the die set for signs of damage or wear before each use.
- Use personal protective equipment, such as safety glasses and gloves, when handling materials and during the reloading process.
- Follow all local regulations regarding the handling and storage of reloading materials.

Specific Safety Precautions for Use

- Always work in a wellventilated area to avoid inhaling any dust or fumes generated during the reloading process.
- Avoid using the die set if you are under the influence of drugs or alcohol.
- Do not exceed the recommended load limits for the cartridges you are reloading.
- Ensure that the bushing is securely attached before using the die set to prevent accidents.
- Do not attempt to modify the die set or use it in a manner not specified in the instructions.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary equipment, including the die set, reloading press, and appropriate tools.
- Read the instructions that come with your reloading press for specific setup procedures.

2. Installation:

- Securely mount the reloading press to a stable workbench.
- Install the Type S Bushing Full Die and Type S Bushing Neck Die into the press according to the manufacturer's instructions.
- Select the appropriate bushing for your cartridge and insert it into the die.

3. Reloading Process:

- Start by resizing the brass cases using the Bushing Full Die. Ensure the bushing is properly set to achieve the desired neck tension.
- After resizing, use the Bushing Neck Die to adjust the neck diameter as needed.
- Finally, use the Redding Competition Seating Die to seat the bullets accurately.

4. Final Checks:

- Inspect the finished cartridges for any irregularities or defects before use.

- Store completed ammunition in a safe and appropriate manner.

Disposal Instructions

- Dispose of any used or damaged components in accordance with local regulations.
- Recycle materials whenever possible.
- Do not dispose of reloading materials in regular household waste.

Contact Information for Further Support

For any safety inquiries or support, please refer to the product packaging or the manufacturer's website for contact details.

By following these safety instructions, you can ensure a safe and effective reloading experience with the TYPES ELITE BUSHING DIE SET REDDING 6 XC BUSHING DIE SET. Stay informed about safety recalls and updates through official channels to maintain a safe reloading environment.
