

# TYPE-S ELITE BUSHING DIE SET - REDDING 300 PRC BUSHING DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

INCLUDES - Type S - Bushing Full Sizing Die Type S - Bushing Neck Sizing Die Competition Seating Die Redding Reloading Equipment has once again established a new die set based on customer feedback. The past few years you have seen the introduction of many new sets like the National Match, Master Hunter and the Premiums as a result of changing trends in the category and stated desires of the customer base. The latest, the Redding, Type S Elite die set is also a direct result of customer feedback and is available for 85 different cartridges. The Type S Elite set is comprised of a Type S Bushing Full Die, A Type S Bushing Neck Die and the unparalleled Redding Competition Seating Die. All Type-S dies use an interchangeable bushing to control neck diameter and tension to an increment of 0.001". Bushings are available in hardened steel but also are available with a TIN (Titanium Nitride) coating for even greater lubricity. This allows the handloader complete control and precision when setting the appropriate neck tension without fear of over working the brass in the case neck. These bushings are also free-floating to self-center on the case neck for a higher degree of sizing accuracy. These features provide not only an enhanced degree of control but significant improvements to consistency and accuracy of the final loaded rounds.

## Attributes

- Name: [REDDING 300 PRC BUSHING DIE SET](#)

# **Safety Instruction Guide for TYPES ELITE BUSHING DIE SET REDDING 300 PRC BUSHING DIE SET**

## **Introduction**

Thank you for choosing the TYPES ELITE BUSHING DIE SET REDDING 300 PRC BUSHING DIE SET. This guide provides essential safety instructions and guidelines to ensure safe and effective use of the product. Please read this document carefully before using the die set to ensure your safety and the safety of others.

## **General Safety Guidelines**

- Always read and follow the manufacturer's instructions before use.
- Ensure that the die set is used only for its intended purpose.
- Keep the die set out of reach of children and vulnerable individuals.
- Inspect the die set for any visible damage before each use. Do not use if damaged.
- Use appropriate personal protective equipment (PPE) such as safety glasses and gloves when reloading.
- Store the die set in a dry, secure location when not in use.

## **Specific Safety Precautions for Use**

- Ensure the work area is welllit and free from clutter to avoid accidents.
- Use the die set only with compatible cartridges; refer to the product specifications.
- Do not exceed the recommended loads as specified in reloading manuals.
- Be cautious of sharp edges and points on the die set to prevent cuts and injuries.
- Avoid wearing loose clothing or jewelry that could get caught in the equipment.
- Always keep hands clear of moving parts during operation.
- Make sure to properly secure the die set in your reloading press before use.

## **Instructions for Installation and Usage**

### **1. Preparation**

- Gather all necessary tools and materials before beginning the installation.
- Ensure that your reloading press is compatible with the TYPES ELITE BUSHING DIE SET.

### **2. Installation**

- Remove the die set from its packaging and inspect for any damage.
- Install the Type S Bushing Full Die into the reloading press according to the manufacturer's instructions.
- Insert the appropriate bushing into the Full Die, ensuring it is securely in place.
- Repeat the process for the Type S Bushing Neck Die and the Competition Seating Die.

### **3. Usage**

- Follow the reloading manual for the specific cartridge you are using.
- Adjust the bushing to control neck diameter and tension as needed.
- Perform a test run with a dummy round to ensure proper function and fit.
- Reload cartridges according to established safety practices and guidelines.

### **4. PostUse**

- After use, clean the die set to remove any debris or residue.
- Store the die set in a protective case or designated storage area.

## Disposal Instructions

- Dispose of any damaged or worn components of the die set in accordance with local regulations.
- If the die set is no longer usable, consider recycling it at a facility that accepts metal components.
- Do not dispose of the die set in regular household waste.

## Contact Information for Further Support

For any inquiries regarding safety or product information, please refer to the manufacturer's website or customer service resources. Always ensure that you have the latest safety updates and product information.

By following these safety instructions and guidelines, you can ensure a safe and effective experience with your TYPES ELITE BUSHING DIE SET REDDING 300 PRC BUSHING DIE SET. Thank you for prioritizing safety in your reloading practices.
