

# TYPE-S ELITE BUSHING DIE SET - REDDING 28 NOSLER BUSHING DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

INCLUDES - Type S - Bushing Full Sizing Die Type S - Bushing Neck Sizing Die Competition Seating Die Redding Reloading Equipment has once again established a new die set based on customer feedback. The past few years you have seen the introduction of many new sets like the National Match, Master Hunter and the Premiums as a result of changing trends in the category and stated desires of the customer base. The latest, the Redding, Type S Elite die set is also a direct result of customer feedback and is available for 85 different cartridges. The Type S Elite set is comprised of a Type S Bushing Full Die, A Type S Bushing Neck Die and the unparalleled Redding Competition Seating Die. All Type-S dies use an interchangeable bushing to control neck diameter and tension to an increment of 0.001". Bushings are available in hardened steel but also are available with a TIN (Titanium Nitride) coating for even greater lubricity. This allows the handloader complete control and precision when setting the appropriate neck tension without fear of over working the brass in the case neck. These bushings are also free-floating to self-center on the case neck for a higher degree of sizing accuracy. These features provide not only an enhanced degree of control but significant improvements to consistency and accuracy of the final loaded rounds.

## Attributes

- Name: [REDDING 28 NOSLER BUSHING DIE SET](#)

# Safety Instruction Guide for TYPES ELITE BUSHING DIE SET REDDING 28 NOSLER BUSHING DIE SET

## Introduction

Thank you for choosing the TYPES ELITE BUSHING DIE SET REDDING 28 NOSLER BUSHING DIE SET. This guide provides essential safety instructions to ensure the safe and effective use of your die set. Please read this document carefully before using the product.

## General Safety Guidelines

- Ensure safe use of the die set by following all instructions provided in this guide.
- Be aware of potential hazards associated with reloading equipment, including sharp edges and the handling of materials.
- Always keep the die set out of reach of children and vulnerable individuals.
- Regularly check for product recalls or safety updates through the official EU Safety Gate platform.

## Specific Safety Precautions for Use

- Always use appropriate personal protective equipment (PPE), such as safety glasses and gloves, while handling the die set.
- Inspect the die set before each use for any signs of damage or wear. Do not use if damaged.
- Store the die set in a dry, secure location when not in use to prevent accidental injury.
- Avoid using the die set in wet or damp conditions to reduce the risk of electrical hazards.
- Be cautious when adjusting or changing bushings, as they may be sharp or could spring back unexpectedly.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that your reloading press is compatible with the TYPES ELITE BUSHING DIE SET.
- Securely mount the die set into the reloading press according to the manufacturer's instructions.
- Adjust the height of the die as needed to ensure proper operation.

### 2. Usage:

- Before beginning, read the instructions for each die included in the set: Bushing Full Sizing Die, Bushing Neck Sizing Die, and Competition Seating Die.
- When using the Bushing Full Sizing Die:
  - Select the appropriate bushing for your cartridge.
  - Insert the bushing into the die and tighten securely.
  - Adjust the die to achieve the desired neck tension, ensuring it does not exceed the recommended specifications.
- When using the Bushing Neck Sizing Die:
  - Follow similar steps as the full sizing die, ensuring the bushing is correctly installed.
- When using the Competition Seating Die:
  - Set the die to the desired overall length for your cartridge.
  - Ensure that the seating plug is clean and free of debris before use.

### 3. PostUse:

- After reloading, clean the die set thoroughly to remove any residue or debris.
- Store the die set in its original packaging or another secure location to protect it from damage.

## **Disposal Instructions**

- Dispose of any damaged or worn components of the die set in accordance with local regulations.
- Do not dispose of the die set in household waste. Instead, check with local waste management for proper disposal methods.
- If applicable, recycle materials according to local recycling guidelines.

## **Contact Information for Further Support**

For any safety inquiries or further assistance regarding the TYPES ELITE BUSHING DIE SET, please refer to the manufacturer's website or customer service resources for guidance.

Thank you for prioritizing safety while using the TYPES ELITE BUSHING DIE SET REDDING 28 NOSLER BUSHING DIE SET. Your adherence to these guidelines will help ensure a safe and enjoyable reloading experience.
