

TYPE-S ELITE BUSHING DIE SET - REDDING 30 NOSLER BUSHING DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

INCLUDES - Type S - Bushing Full Sizing Die Type S - Bushing Neck Sizing Die Competition Seating Die Redding Reloading Equipment has once again established a new die set based on customer feedback. The past few years you have seen the introduction of many new sets like the National Match, Master Hunter and the Premiums as a result of changing trends in the category and stated desires of the customer base. The latest, the Redding, Type S Elite die set is also a direct result of customer feedback and is available for 85 different cartridges. The Type S Elite set is comprised of a Type S Bushing Full Die, A Type S Bushing Neck Die and the unparalleled Redding Competition Seating Die. All Type-S dies use an interchangeable bushing to control neck diameter and tension to an increment of 0.001". Bushings are available in hardened steel but also are available with a TIN (Titanium Nitride) coating for even greater lubricity. This allows the handloader complete control and precision when setting the appropriate neck tension without fear of over working the brass in the case neck. These bushings are also free-floating to self-center on the case neck for a higher degree of sizing accuracy. These features provide not only an enhanced degree of control but significant improvements to consistency and accuracy of the final loaded rounds.

Attributes

- Name: [REDDING 30 NOSLER BUSHING DIE SET](#)

Safety Instruction Guide for TYPES ELITE BUSHING DIE SET REDDING 30 NOSLER BUSHING DIE SET

Introduction

Thank you for choosing the TYPES ELITE BUSHING DIE SET REDDING 30 NOSLER BUSHING DIE SET. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of this product. Please read this manual thoroughly before using the die set.

General Safety Guidelines

- Always ensure that the die set is used in accordance with the manufacturer's instructions.
- Keep the die set out of reach of children and vulnerable individuals.
- Inspect the die set for any visible damage before use. Do not use if damaged.
- Store the die set in a dry and secure location to prevent unauthorized access.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Use appropriate personal protective equipment (PPE) such as safety glasses and gloves when operating the die set.
- Ensure that your working area is welllit and free from clutter.
- Avoid wearing loose clothing or jewelry that could become entangled during operation.
- Do not exceed the recommended load specifications for the die set.
- Be aware of the potential hazards associated with reloading ammunition, including but not limited to:
 - Fire hazards from flammable materials.
 - Risks of injury from improper handling of tools and components.

Instructions for Installation and Usage

1. Setup:

- Ensure that your reloading press is securely mounted and stable.
- Select the appropriate bushing for your desired neck diameter and tension.
- Install the Type S Bushing Full Die and Type S Bushing Neck Die into your reloading press according to the manufacturer's instructions.

2. Adjustments:

- Adjust the dies to achieve the desired neck tension. Use a caliper to measure the neck diameter accurately.
- Remember that the bushing is interchangeable and can be replaced as needed to achieve the desired results.

3. Reloading Process:

- Follow standard reloading procedures, ensuring that all components are compatible with the 30 Nosler cartridge.
- Monitor the condition of the brass cases and avoid overworking them during resizing.
- After resizing, inspect the cases for any signs of damage or fatigue.

4. CleanUp:

- After use, clean the dies with a suitable cleaning solution to remove any residue.
- Store the die set in its original packaging or a protective case to prevent damage.

Disposal Instructions

- Dispose of any damaged or unusable components in accordance with local regulations.
- Recycle materials where possible, ensuring that hazardous materials are disposed of safely and responsibly.

Contact Information for Further Support

For any inquiries or support regarding the TYPES ELITE BUSHING DIE SET REDDING 30 NOSLER BUSHING DIE SET, please refer to the manufacturer's contact details provided with the product packaging.

By following these safety instructions, you can ensure a safe and effective reloading experience with the TYPES ELITE BUSHING DIE SET REDDING 30 NOSLER BUSHING DIE SET. Thank you for your attention to safety and for choosing our product.
