

# TYPE-S ELITE BUSHING DIE SET - REDDING 7MM REMINGTON ULTRA MAGNUM BUSHING DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

INCLUDES - Type S - Bushing Full Sizing Die Type S - Bushing Neck Sizing Die Competition Seating Die Redding Reloading Equipment has once again established a new die set based on customer feedback. The past few years you have seen the introduction of many new sets like the National Match, Master Hunter and the Premiums as a result of changing trends in the category and stated desires of the customer base. The latest, the Redding, Type S Elite die set is also a direct result of customer feedback and is available for 85 different cartridges. The Type S Elite set is comprised of a Type S Bushing Full Die, A Type S Bushing Neck Die and the unparalleled Redding Competition Seating Die. All Type-S dies use an interchangeable bushing to control neck diameter and tension to an increment of 0.001". Bushings are available in hardened steel but also are available with a TIN (Titanium Nitride) coating for even greater lubricity. This allows the handloader complete control and precision when setting the appropriate neck tension without fear of over working the brass in the case neck. These bushings are also free-floating to self-center on the case neck for a higher degree of sizing accuracy. These features provide not only an enhanced degree of control but significant improvements to consistency and accuracy of the final loaded rounds.

## Attributes

- Name: [REDDING 7MM REMINGTON ULTRA MAGNUM BUSHING DIE SET](#)
- Manufacturer: [REDDING](#)

# Safety Instruction Guide for TYPES ELITE BUSHING DIE SET

## Introduction

Thank you for choosing the TYPES ELITE BUSHING DIE SET from Redding. This guide provides essential safety instructions and information to ensure the safe and effective use of your reloading equipment. Please read this guide thoroughly before using the product.

## General Safety Guidelines

- Ensure that all users of this product are familiar with its operation and safety measures.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when using reloading equipment.
- Keep the work area clean and organized to prevent accidents.
- Store the die set in a dry place, away from children and unauthorized users.
- Regularly inspect the die set for wear and damage. Do not use damaged equipment.
- Be aware of the specific requirements and characteristics of the cartridges you are reloading.

## Specific Safety Precautions for Use

- Only use the TYPES ELITE BUSHING DIE SET with compatible cartridges. Refer to the product specifications for details.
- Follow the manufacturer's instructions for setting up and using the dies. Incorrect use can lead to accidents or damage.
- Ensure that the bushing is properly installed and secured before beginning the reloading process.
- Avoid overworking the brass in the case neck to prevent potential failures or accidents.
- Use only recommended lubricants that are compatible with the die set and the materials being used.
- Keep hands and clothing clear of moving parts during operation.

## Instructions for Installation and Usage

### 1. Installation of the Die Set:

- Ensure that your reloading press is clean and properly set up.
- Install the Bushing Full Sizing Die into the press, following the manufacturer's instructions.
- Insert the appropriate bushing into the die to control neck diameter and tension.
- Install the Bushing Neck Sizing Die in the same manner.
- Finally, install the Competition Seating Die.

### 2. Using the Die Set:

- Begin by preparing your brass cases according to standard reloading practices.
- Adjust the die settings to achieve the desired neck tension and sizing.
- Reload cases one at a time, ensuring that each case is properly sized and seated.
- Inspect each loaded round for consistency and quality before use.

## Disposal Instructions

- Dispose of any damaged or worn components of the die set according to local regulations.
- Recycle materials where applicable, and do not dispose of them in regular household waste.
- Ensure that all hazardous materials, such as lubricants and chemicals, are disposed of safely and in compliance with local laws.

## Contact Information for Further Support

For safety inquiries or additional support regarding the TYPES ELITE BUSHING DIE SET, please refer to the manufacturer's contact details provided with the product.

## Conclusion

By following this safety instruction guide, you can ensure a safe and effective reloading experience with the TYPES ELITE BUSHING DIE SET. Always prioritize safety and adhere to the guidelines provided. Thank you for your attention, and happy reloading!
