

# TYPE-S ELITE BUSHING DIE SET - REDDING 300 NORMA MAGNUM BUSHING DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

INCLUDES - Type S - Bushing Full Sizing Die Type S - Bushing Neck Sizing Die Competition Seating Die Redding Reloading Equipment has once again established a new die set based on customer feedback. The past few years you have seen the introduction of many new sets like the National Match, Master Hunter and the Premiums as a result of changing trends in the category and stated desires of the customer base. The latest, the Redding, Type S Elite die set is also a direct result of customer feedback and is available for 85 different cartridges. The Type S Elite set is comprised of a Type S Bushing Full Die, A Type S Bushing Neck Die and the unparalleled Redding Competition Seating Die. All Type-S dies use an interchangeable bushing to control neck diameter and tension to an increment of 0.001". Bushings are available in hardened steel but also are available with a TIN (Titanium Nitride) coating for even greater lubricity. This allows the handloader complete control and precision when setting the appropriate neck tension without fear of over working the brass in the case neck. These bushings are also free-floating to self-center on the case neck for a higher degree of sizing accuracy. These features provide not only an enhanced degree of control but significant improvements to consistency and accuracy of the final loaded rounds.

# TYPES ELITE BUSHING DIE SET SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the TYPES ELITE BUSHING DIE SET from Redding. This product is designed to enhance your reloading experience while ensuring safety and precision. This guide provides essential safety instructions and usage information to help you use the die set effectively and safely.

## General Safety Guidelines

- Always read and understand the instructions before using the die set.
- Ensure that the workspace is clean and organized to prevent accidents.
- Use personal protective equipment (PPE) such as safety glasses and gloves when handling reloading equipment.
- Keep the die set out of reach of children and vulnerable individuals.
- Regularly inspect the die set for any signs of wear or damage before use.
- Follow all local laws and regulations regarding ammunition reloading.

## Specific Safety Precautions for Use

- Only use the TYPES ELITE BUSHING DIE SET with compatible cartridges (e.g., 300 Norma).
- Ensure that the bushing is properly installed and secured before use to prevent accidents.
- Do not exceed the recommended neck tension specified in the product guidelines to avoid damaging the brass.
- Be cautious when adjusting the bushing to prevent injury from sharp edges.
- Avoid overworking the brass to ensure its longevity and performance.
- If you experience any malfunction or irregular behavior during use, discontinue use immediately and consult a professional.

## Instructions for Installation and Usage

### Installation

1. **Preparation:** Ensure your workspace is clean and free from obstructions.
2. **Select the Bushing:** Choose the appropriate bushing size for your intended neck diameter.
3. **Install the Bushing:**
  - Unscrew the die body cap.
  - Insert the selected bushing into the die body.
  - Secure the cap back onto the die body, ensuring it is tightly fastened.
4. **Mount the Die:** Attach the die to your reloading press according to the press manufacturer's instructions.

### Usage

1. **Setup:** Adjust the die to the desired position on your reloading press.
2. **Prepare Cases:** Ensure that the brass cases are clean and free of debris.
3. **Full Length Sizing:**
  - Insert the brass case into the die.
  - Pull the press handle to size the case fully.
4. **Neck Sizing:**
  - Replace the full sizing die with the neck sizing die if needed.
  - Insert the brass case and pull the press handle to size the neck.
5. **Seating Bullets:**

- Use the Competition Seating Die to seat bullets to the desired depth.
- Adjust the die according to your specifications.

6. **Final Inspection:** After reloading, inspect each round for proper sizing and seating.

## Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Recycle metal parts where possible.
- Do not dispose of the die set in regular household waste.

## Contact Information for Further Support

For any questions or concerns regarding the TYPES ELITE BUSHING DIE SET, please refer to the product packaging for the manufacturer's contact information. Ensure that you have the product details ready when seeking assistance.

## Conclusion

By following these safety instructions, you can ensure a safe and effective reloading experience with the TYPES ELITE BUSHING DIE SET. Always prioritize safety and compliance with local regulations while enjoying your reloading activities.
