

# TYPE S BUSHING NECK DIES - REDDING TYPE S BUSHING NECK DIE 300 PRC

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Type S Bushing Neck Die provides reloaders with a simple means to precisely control case neck size and tension. Uses interchangeable sizing bushing available in .001" increments The adjustable decapping rod allows positioning the bushing to resize only a portion of the neck length if desired. Concentricity is enhanced by the ability of the resizing bushing to self-center on the case neck. The decapping rod is supplied with a standard size button. This is especially useful for reloaders who are using commercial brass as is. A decapping pin retainer is also supplied with most Type S Bushing Dies except 17 and 20 Caliber This enables neck sizing without the use of the size button for those who sort and/or turn case necks for uniformity.

# **Safety Instruction Guide for TYPE S BUSHING NECK DIES REDDING TYPE S BUSHING NECK DIE 300 PRC**

## **Introduction**

Thank you for choosing the TYPE S BUSHING NECK DIES REDDING TYPE S BUSHING NECK DIE 300 PRC. This product is designed to assist reloaders in achieving precise control over case neck size and tension. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## **General Safety Guidelines**

- Ensure safe use of the product by following these guidelines:
  - Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when using the die.
  - Keep the work area clean and organized to prevent accidents.
  - Store the die in a safe place out of reach of children and pets.
  - Be aware of your surroundings and avoid distractions while using the die.
- Identify potential hazards associated with the product:
  - Risk of injury from sharp edges or moving parts.
  - Risk of improper resizing leading to ammunition malfunction.
  - Risk of eye injury from debris or particles during use.
- Report any unsafe products or accidents to the relevant authorities.

## **Specific Safety Precautions for Use**

- Before using the die, ensure that:
  - You have read and understood the instructions provided in this guide.
  - The die is compatible with your reloading setup.
  - You are using the correct bushing size for your needs.
- During use, follow these precautions:
  - Do not exceed the recommended sizing bushing increments.
  - Avoid forcing the die if it does not operate smoothly.
  - Ensure that the decapping rod is properly positioned before resizing.
  - Do not use the die for purposes other than intended.
- Special considerations:
  - This product is not intended for use by children. Ensure that it is kept out of their reach.
  - If you are inexperienced with reloading, seek guidance from a knowledgeable individual or professional.

## **Instructions for Installation and Usage**

- Installation:

- Securely attach the die to your reloading press according to the manufacturer's instructions.
- Ensure that the resizing bushing is properly installed and seated.
- Usage:
  - Adjust the decapping rod as needed for your specific resizing requirements.
  - Insert the case into the die and apply gentle pressure to resize the neck.
  - If necessary, reposition the bushing to resize only a portion of the neck length.
  - After resizing, remove the case and inspect it for proper sizing and any defects.
- Maintenance:
  - Regularly clean the die and bushing to prevent buildup of debris.
  - Store the die in a protective case to prevent damage when not in use.

## **Disposal Instructions**

- When disposing of the product, follow these guidelines:
  - Check local regulations for proper disposal methods for metal and plastic components.
  - Do not dispose of the product in household waste.
  - Consider recycling options where available.

## **Contact Information for Further Support**

- For any inquiries regarding the safety and use of this product, please refer to the manufacturer's contact details provided with the product packaging or visit their official website.

By adhering to these safety instructions, you can ensure a safe and effective reloading experience with the TYPE S BUSHING NECK DIES REDDING TYPE S BUSHING NECK DIE 300 PRC.
