

BODY DIES - REDDING 300 PRC BODY DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Body Dies are designed to full length resize the case body, bump the shoulder position for proper chambering, but not size the neck at all. They are made without internal parts and are intended for resizing cases which have become increasingly difficult to chamber after repeated firing. After using a body die, the case should be run through the neck die to achieve proper neck tension. Sold separately or as part of a set.

BODY DIES REDDING 300 PRC BODY DIE Safety Instruction Guide

Introduction

Thank you for choosing the BODY DIES REDDING 300 PRC BODY DIE. This product is designed to assist in resizing cases for reloading ammunition. It is essential to follow the safety guidelines outlined in this manual to ensure safe and effective use.

General Safety Guidelines

- Always handle the BODY DIE with care and ensure it is used in a safe environment.
- Keep the die away from children and vulnerable individuals.
- Inspect the die for damage before use. Do not use if any part is damaged or worn.
- Follow all local laws and regulations regarding ammunition reloading and usage.
- Use appropriate personal protective equipment (PPE) such as safety glasses and gloves when operating the die.

Specific Safety Precautions for Use

- Ensure that the die is compatible with the 300 PRC cartridge before use.
- Always work in a wellventilated area to avoid inhaling any dust or particles.
- Do not exceed the recommended load specifications for the 300 PRC cartridge.
- Be cautious of the risk of injury from sharp edges or moving parts during operation.
- Keep hands and other body parts clear of the die when resizing cases.

Instructions for Installation and Usage

1. Installation:

- Securely mount the BODY DIE in a reloading press according to the manufacturer's instructions.
- Ensure the die is tightened and stable before use.

2. Usage:

- Insert the fired case into the die.
- Operate the reloading press to resize the case body and bump the shoulder position.
- After resizing with the BODY DIE, run the case through a neck die to achieve proper neck tension.
- Inspect the resized case for any defects before proceeding with reloading.

Disposal Instructions

- Dispose of any damaged or unusable parts of the BODY DIE in accordance with local regulations.
- Ensure that all materials are disposed of safely to prevent environmental harm.

Contact Information for Further Support

For safety inquiries or assistance regarding the BODY DIES REDDING 300 PRC BODY DIE, please contact the manufacturer's customer service or consult the product packaging for further details.

By following these safety instructions, you can ensure a safe and efficient reloading experience with the BODY DIES REDDING 300 PRC BODY DIE. Thank you for your attention to safety and responsible usage.
