

# TYPE S BUSHING FULL DIES - REDDING 300 PRC TYPE BUSHING FULL LENGTH TYPE S DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Full Length resizing while maintaining exact control of the case neck is often desirable in one operation. The Redding Type S Bushing Full Length Sizing Dies accomplish this task with the precision you would expect from Redding. Uses the same interchangeable bushings as those used in Redding bushing style neck sizing dies. The adjustable decapping rod allows you to adjust the bushing position, sizing only part of the neck length when desired. Concentricity is enhanced by the ability of the bushing to self-center on the neck of the cartridge case. All Type S dies are supplied with both the standard size button and a decapping pin retainer. By removing the bushing and all internal parts, the Type S Bushing Full Die may also be used as a body die.

## Attributes

- Name: [REDDING 300 PRC TYPE BUSHING FULL LENGTH TYPE S DIE](#)
- Manufacturer: [REDDING](#)
- Product no.: 749019257

# Safety Instruction Guide for TYPE S BUSHING FULL DIES REDDING 300 PRC TYPE BUSHING FULL LENGTH TYPE S DIE

## Introduction

Thank you for choosing the TYPE S BUSHING FULL DIES REDDING 300 PRC TYPE BUSHING FULL LENGTH TYPE S DIE. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read this guide carefully before using the die to avoid any potential hazards and to comply with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure safe handling and use of the die to avoid accidents.
- Always follow the manufacturer's instructions and recommendations.
- Be aware of potential risks associated with the use of reloading dies.
- Keep this product out of reach of children and vulnerable individuals.
- Check for any recall notices or safety alerts regarding this product on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always wear appropriate safety gear, including safety glasses and gloves, when using reloading equipment.
- Inspect the die for any damage or wear before use. Do not use a damaged die.
- Ensure that the die is securely mounted in the reloading press before use.
- Use only compatible cartridges (300 PRC) with this die to prevent malfunctions.
- Be cautious when adjusting the decapping rod to avoid injury.
- Do not exceed recommended pressure limits during reloading to prevent accidents.
- Keep the work area clean and organized to avoid tripping hazards.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that your reloading press is compatible with the TYPE S BUSHING FULL DIE.
- Carefully remove the die from its packaging.
- Install the die into the reloading press according to the manufacturer's instructions. Ensure it is tightened securely.
- If necessary, adjust the bushing position using the adjustable decapping rod.

### 2. Usage:

- Before starting, ensure that the workspace is clear of any obstructions.
- Place the cartridge case into the shell holder of the press.
- Operate the press slowly and steadily to resize the case.
- Monitor the resizing process to ensure that the neck is sized correctly.
- After use, remove the die from the press and clean it to maintain its condition.

## Disposal Instructions

- Dispose of any packaging materials responsibly, following local recycling guidelines.
- If the die becomes damaged or unusable, dispose of it in accordance with local regulations for metal and

mechanical waste.

- Do not throw the die in regular household waste.

## Contact Information for Further Support

For any inquiries or concerns regarding the safety and use of the TYPE S BUSHING FULL DIES REDDING 300 PRC TYPE BUSHING FULL LENGTH TYPE S DIE, please refer to the manufacturer's website or customer service for assistance.

By following these safety instructions, you can ensure a safe and effective reloading experience. Thank you for your attention to these guidelines.
