

# NECK SIZING DIES - REDDING 300 PRC NECK SIZING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Redding Neck Sizing Dies size only the necks of your bottleneck cases to prolong brass life and improve accuracy. It is important that fired cases should never be interchanged between rifles since the neck sizing dies do not size the shoulder or body. Ideal for cartridges used in Bolt Action rifles. All dies are made using the finest alloy steels obtainable and machined on Hardinge Super-Precision lathes capable of holding the tightest tolerances in the industry. Heat treated in atmospherically controlled furnaces and hand polished for smooth, flawless functioning, these dies will maintain tolerances and last a lifetime. Inspected and ultrasonically cleaned before packaging.

# NECK SIZING DIES REDDING 300 PRC NECK SIZING DIE Safety Instruction Guide

## Introduction

Thank you for choosing the Redding Neck Sizing Die for your reloading needs. This product is designed to size only the necks of your bottleneck cases, enhancing the longevity of your brass and improving accuracy. To ensure safe and effective use, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Always use the product in accordance with the manufacturer's instructions.
- Ensure that the workspace is clean and free from obstructions.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- If you notice any irregularities or malfunctions, cease use immediately and seek assistance.

## Specific Safety Precautions for Use

- Only use the neck sizing die with compatible cartridges (300 PRC).
- Do not interchange fired cases between different rifles, as this can lead to unsafe conditions.
- Wear appropriate eye protection while operating the die to protect against potential debris.
- Avoid using excessive force when sizing to prevent damage to the die and cases.
- Ensure that all components of your reloading setup are securely fastened before use.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure your reloading press is securely mounted and stable.
- Insert the neck sizing die into the reloading press following the manufacturer's instructions.
- Adjust the die to the appropriate height for your specific cartridge.

### 2. Usage:

- Start with clean, fired brass cases.
- Lubricate the neck of the case lightly to prevent sticking.
- Place the case in the shell holder and ensure it is seated correctly.
- Operate the reloading press to size the neck of the case.
- After sizing, inspect the case for any signs of damage or irregularities.
- Repeat the process for all cases as needed.

## Disposal Instructions

- Dispose of any damaged or worn components of the neck sizing die in accordance with local regulations.
- Recycle brass cases where possible, following your local recycling guidelines.
- Do not dispose of the product in regular household waste.

## Contact Information for Further Support

For any safety inquiries or additional support regarding the Redding Neck Sizing Die, please contact the manufacturer directly. Ensure that you have the product details and any relevant information ready for

assistance.

By following these safety instructions, you can ensure a safe and effective reloading experience with your Redding Neck Sizing Die. Always prioritize safety and stay informed about best practices in reloading.
