

# SEATER DIES - REDDING SEATIER DIE 350 LEGEND

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Redding Seating Die includes bullet guide, built-in crimp ring and the proper seating plug. All dies are made using the finest alloy steels obtainable and machined on Hardinge Super-Precision lathes capable of holding the tightest tolerances in the industry. Heat treated in atmospherically controlled furnaces and hand polished for smooth, flawless functioning, these dies will maintain tolerances and last a lifetime. Inspected and ultrasonically cleaned before packaging.

# SEATER DIES REDDING SEATIER DIE 350 LEGEND

## Safety Instruction Guide

### Introduction

Thank you for choosing the Redding Seating Die for your reloading needs. This guide provides essential safety instructions to ensure the safe and effective use of your die. Please read and follow these instructions carefully to minimize risks and ensure a smooth reloading experience.

### General Safety Guidelines

- Always wear appropriate safety gear, including safety glasses and gloves, when handling reloading equipment.
- Keep the work area clean and free of clutter to prevent accidents.
- Ensure proper ventilation in your workspace to avoid inhaling any harmful fumes or dust.
- Store all reloading components, including dies, out of reach of children and pets.
- Familiarize yourself with the operation of the die before use to avoid mishandling.
- Regularly inspect the die for any signs of wear or damage before each use.

### Specific Safety Precautions for Use

- Do not exceed the recommended load specifications for the 350 Legend cartridge.
- Always doublecheck measurements and settings before proceeding with reloading.
- Avoid distractions while operating the die to maintain focus and precision.
- Use only compatible components with the Redding Seating Die to ensure safety and effectiveness.
- If you notice any unusual sounds or resistance during operation, stop immediately and inspect the die for issues.

### Instructions for Installation and Usage

#### 1. Installation:

- Ensure your reloading press is securely mounted and stable.
- Insert the Redding Seating Die into the press following the manufacturer's instructions.
- Tighten the die securely to prevent movement during use.

#### 2. Usage:

- Adjust the seating depth using the builtin crimp ring and seating plug according to your specifications.
- Place a cartridge case in the shell holder and ensure it is seated correctly.
- Operate the press handle smoothly to seat the bullet into the cartridge case.
- After seating, inspect the cartridge to ensure proper alignment and depth.

### Disposal Instructions

- Dispose of any used or damaged components in accordance with local regulations.
- Avoid discarding reloading materials in regular trash; check for recycling programs in your area.
- Ensure that all hazardous materials are handled and disposed of safely to protect the environment.

## **Contact Information for Further Support**

For any safety inquiries or support regarding the Redding Seating Die, please contact the manufacturer through the provided channels. It is important to have a reliable contact for addressing any safety concerns or productrelated questions.

By following these guidelines and instructions, you can ensure a safe and effective reloading experience with your Redding Seating Die. Always prioritize safety and stay informed about product recalls or safety updates. Thank you for your commitment to safety and responsible reloading practices.
