

STRAIGHT WALL EXPANDER DIES - REDDING 350 LEGEND EXPANDER DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

These Redding Straight Wall Expander Dies contain a neck expander plug for use before the bullet seating process. Expander Dies flare the case mouth slightly to ease the bullet seating process. Dies are made using the finest alloy steels obtainable and machined on Hardinge Super-Precision lathes capable of holding the tightest tolerances in the industry. Heat treated in atmospherically controlled furnaces and hand polished for smooth, flawless functioning, these dies will maintain tolerances and last a lifetime.

Safety Instruction Guide for Redding 350 Legend Expander Die

Introduction

Thank you for choosing the Redding 350 Legend Expander Die. This product is designed to enhance your reloading experience by ensuring precision and ease during the bullet seating process. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Always handle reloading equipment with care and follow all safety protocols.
- Ensure that the workspace is clean, organized, and free from distractions.
- Keep all reloading components, including dies, out of reach of children and vulnerable individuals.
- Always wear appropriate safety gear, such as safety glasses, while reloading.
- Regularly inspect your equipment for wear and tear, and replace any damaged parts immediately.
- Familiarize yourself with the specific requirements and regulations regarding reloading in your area.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - The expander die may contain sharp edges. Handle with care to avoid cuts.
 - Improper use may result in misfires or damage to the firearm.
- **Avoiding Hazards:**
 - Always ensure that the die is securely installed before use.
 - Do not exceed recommended pressures or loads as specified in reloading manuals.
 - Store dies in a secure location when not in use to prevent accidental injuries.
- **Audience Specific Warnings:**
 - This product is intended for use by adults only. Ensure that children do not handle this equipment.

Instructions for Installation and Usage

1. Installation:

- Ensure your reloading press is clean and free from any debris.
- Carefully screw the Redding 350 Legend Expander Die into the reloading press until it is snug. Do not overtighten.
- Insert the neck expander plug into the die as per the manufacturer's instructions.

2. Usage:

- Place an empty cartridge case into the reloading press.
- Activate the press to raise the case into the die, allowing the neck expander plug to flare the case mouth slightly.
- Once the case mouth is flared, remove it from the press and proceed to the bullet seating process.
- Regularly check the die for any signs of wear or damage during use.

Disposal Instructions

- Dispose of any broken or wornout dies according to local regulations for hazardous waste.
- Do not dispose of the product in regular household waste if it contains any hazardous materials.
- If unsure about disposal methods, consult local waste management authorities for guidance.

Contact Information for Further Support

For any inquiries or concerns regarding the use of the Redding 350 Legend Expander Die, please contact the manufacturer directly. Ensure you have the product details ready to assist with your inquiry.

By following these safety instructions, you can ensure a safe and effective reloading experience with your Redding 350 Legend Expander Die. Thank you for prioritizing safety and compliance with the EU General Product Safety Regulation.
