

6MM BR NORMA BRASS - PETERSON CARTRIDGE 6MM BR NORMA BRASS 500/BOX

[Reloading](#) > [Brass](#) > [Rifle Brass](#)

The 6mm BR Norma goes by many names. Some call it the 6mm Norma BR. Some shorten the name to 6 BR Norma, or even shorter 6 BR. The headstamp on Peterson casings is 6mm BR Norma. The 6mm BR Norma was introduced in 1996, designed for use with long, very low drag bullets. It is an excellent long-range target caliber with light recoil, which helps when your goal is to put all the bullets in the same hole at the target. The 6mm BR Norma is particularly well suited for 1,000-yard bench rest shooting. The 6mm BR is also an excellent long-range varmint caliber. Peterson's 6mm BRs have a small rifle primer pocket and they also have harder heads, which results in longer primer pocket life.

Attributes

- Name: [PETERSON CARTRIDGE 6MM BR NORMA BRASS 500/BOX](#)
- Manufacturer: [PETERSON CARTRIDGE](#)
- Product no.: 749019306

Safety Instruction Guide for 6MM BR NORMA BRASS PETERSON CARTRIDGE

Introduction

Thank you for choosing the 6MM BR Norma Brass Peterson Cartridge. This guide provides essential safety instructions to ensure the safe use of this product. Please read the following guidelines carefully to minimize risks and ensure proper handling.

General Safety Guidelines

- Ensure you are familiar with local laws and regulations regarding the use of ammunition.
- Always store cartridges in a cool, dry place away from direct sunlight and moisture.
- Keep cartridges out of reach of children and unauthorized individuals.
- Inspect cartridges before use for any signs of damage or defects.
- Use appropriate protective gear, such as safety glasses and hearing protection, when handling or firing ammunition.

Specific Safety Precautions for Use

- Only use the 6MM BR Norma cartridges in firearms specifically designed for this caliber.
- Do not exceed the maximum load specifications provided by your firearm manufacturer.
- Avoid using damaged or corroded cartridges; discard them safely.
- When loading or unloading your firearm, always point the muzzle in a safe direction.
- Be aware of your surroundings and ensure that you are in a safe shooting environment.

Instructions for Installation and Usage

- Before using the cartridges, read your firearm's manual for specific loading instructions.
- To load the cartridges:
 1. Ensure the firearm is pointed in a safe direction.
 2. Open the action of the firearm according to the manufacturer's instructions.
 3. Insert the 6MM BR Norma cartridge into the chamber or magazine as directed.
 4. Close the action securely.
- When firing:
 1. Ensure you are in a designated shooting area.
 2. Confirm that the firearm is in good working condition.
 3. Fire the cartridge according to your firearm's operation procedures.
- After firing, always check the firearm for any malfunctions or obstructions before reloading.

Disposal Instructions

- Dispose of unused or expired cartridges in accordance with local regulations.
- Do not throw cartridges in regular trash. Contact local authorities or waste management services for proper disposal methods.
- Ensure that spent cartridges are disposed of safely to prevent environmental contamination.

Contact Information for Further Support

For any questions or concerns regarding the safety of this product, please refer to the manufacturer's contact information provided on the packaging or visit the manufacturer's website.

By following these safety guidelines, you can ensure a safe and enjoyable experience with the 6MM BR Norma

Brass Peterson Cartridge. Always prioritize safety and responsible use.
