

WILSON CASE GAGE - L.E. WILSON 6.5MM CREEDMOOR CASE GAGE

[Reloading](#) > [Measuring Tools](#) > [Case Gauges & Headspace Tools](#)

The most important use of a cartridge case gage is for setting up 7/8"-14 press type full length resizing dies. A common error in reloading is to oversize your brass. Headspace of fired cases can quickly and accurately be measured using this tool and a caliper. Regular Style: This one piece gage will check overall length to indicate a need for trimming and datum to head length to assure correct headspace to prevent over sizing. Adjustable Style: For belted mags. While the belt provides support for proper headspace, the life of the case will drastically shorten unless resizing is held to a minimum at the shoulder. SPECIAL ORDER CASE GAGES ARE AVAILABLE---MEASURE CASE LENGTH ONLY

Attributes

- Name: [L.E. WILSON 6.5MM CREEDMOOR CASE GAGE](#)
- Manufacturer: [L.E. WILSON](#)
- Product no.: 749058028

WILSON CASE GAGE L.E. WILSON 6.5MM CREEDMOOR CASE GAGE Safety Instruction Guide

Introduction

Thank you for choosing the WILSON CASE GAGE L.E. WILSON 6.5MM CREEDMOOR CASE GAGE. This tool is designed to assist you in setting up your reloading equipment and ensuring the proper dimensions of your cartridge cases. To ensure your safety and the effective use of this product, please read and follow the guidelines outlined in this safety instruction guide.

General Safety Guidelines

- Ensure that you are familiar with the basic principles of reloading and the specific requirements for the cartridges you are using.
- Always use the case gage in a welllit and organized workspace to minimize the risk of accidents.
- Keep this product out of reach of children and unauthorized users.
- Inspect the gage for any signs of damage or wear before each use. Do not use if damaged.
- Report any unsafe products or accidents to the relevant authorities and check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

• Potential Hazards:

- Improper use of the case gage may lead to incorrect resizing of cartridge cases, which can cause firearm malfunctions.
- Sharp edges may be present; handle the gage with care to avoid cuts or injuries.

• Avoiding Hazards:

- Always doublecheck measurements before proceeding with resizing.
- Use appropriate personal protective equipment (PPE), such as safety glasses, to protect your eyes from any debris.
- Do not force the case into the gage. If it does not fit, check for defects in the case.

• AgeSpecific Warnings:

- This product is intended for use by adults only. Keep out of reach of children.

Instructions for Installation and Usage

1. Setting Up the Gage:

- Ensure that the gage is clean and free from debris.
- Place the gage on a stable surface where it will not be disturbed during use.

2. Measuring Cartridge Cases:

- Insert the cartridge case into the gage. Ensure it is seated properly.
- Check the overall length and datum to head length using a caliper. This will help you determine if trimming is necessary and if the headspace is correct.
- For belted magnum cases, ensure that you are resizing to the shoulder to avoid shortening the life of the case.

3. Adjusting for Different Cartridges:

- Use the adjustable style gage for belted magnums as needed.
- Follow specific guidelines for the cartridge you are working with, including the 6.5 Creedmoor and 6mm Creedmoor.

4. PostUse Care:

- Clean the gage after each use to maintain its accuracy and longevity.
- Store the gage in a dry place, away from moisture and extreme temperatures.

Disposal Instructions

- Dispose of the gage according to local regulations regarding metal and electronic waste.
- If the gage is damaged beyond repair, ensure it is disposed of in a way that prevents any potential hazards to the environment.

Contact Information for Further Support

For any questions or concerns regarding the use of the WILSON CASE GAGE L.E. WILSON 6.5MM CREEDMOOR CASE GAGE, please refer to the product packaging or visit the manufacturer's website for additional resources and support.

Thank you for taking the time to read this safety instruction guide. By following these guidelines, you can ensure a safe and effective experience with your WILSON CASE GAGE.
