

# STAINLESS NECK SIZING DIE BLANKS - L.E. WILSON SS NECK DIE BLANK

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

These neck dies are designed so the user can control and/or change the amount of neck sizing the cartridge case receives. The dies use interchangeable sizing bushings that size the outside of the case neck. The conventional expander is eliminated, improving concentricity and prolonging brass life. The die is used with an arbor press. All Wilson neck dies size the neck to 3/16" from the mouth end, a practice many shooters prefer. Bushings not included. Dies include a decapping rod.

## Attributes

- Name: [L.E. WILSON SS NECK DIE BLANK](#)
- Manufacturer: [L.E. WILSON](#)
- Product no.: 749058065
- Mfr. No.: SND-BLK

# Safety Instruction Guide for Stainless Neck Sizing Die Blanks

## Introduction

Thank you for choosing the Stainless Neck Sizing Die Blanks by L.E. Wilson. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read this document carefully before using the die blanks.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Keep the die blanks out of reach of children and vulnerable individuals.
- Regularly inspect the die for any signs of wear or damage before use.
- Always wear appropriate safety gear, including eye protection, when using the die.
- Follow all local laws and regulations regarding the use of reloading equipment.

## Specific Safety Precautions for Use

- **Hazard Identification:**
  - Risk of injury from sharp edges or moving parts.
  - Risk of misloading or incorrect sizing leading to firearm malfunction.
- **To Avoid Hazards:**
  - Handle the die blanks with care to avoid cuts or punctures.
  - Ensure that all components are properly attached and functioning before use.
  - Do not exceed the recommended sizing limits to prevent damage to the die or the cartridge.
  - Always verify that the cartridge case is clean and free from obstructions before sizing.

## Instructions for Installation and Usage

1. **Preparation:**
  - Gather all necessary tools and safety equipment.
  - Ensure a clean and organized workspace.
2. **Installation:**
  - Attach the die blank securely to the arbor press according to the manufacturer's instructions.
  - Select the appropriate sizing bushing for your cartridge case.
  - Insert the bushing into the die blank, ensuring a snug fit.
3. **Usage:**
  - Place the cartridge case into the die blank.
  - Operate the arbor press smoothly and steadily to size the neck of the cartridge case.
  - Check the neck size after each operation to ensure it meets specifications.
  - Remove the cartridge case from the die blank after sizing is complete.

## **Disposal Instructions**

- Dispose of any damaged or unusable die blanks in accordance with local waste disposal regulations.
- Recycle materials whenever possible, following local guidelines for metal recycling.

## **Contact Information for Further Support**

For any safety inquiries or additional support regarding the Stainless Neck Sizing Die Blanks, please consult the manufacturer's website or contact your local distributor.

By following these safety guidelines and instructions, you can ensure a safe and effective experience with your Stainless Neck Sizing Die Blanks. Thank you for your attention to safety.
