

STAINLESS NECK SIZING DIES - L.E. WILSON 6MM DASHER BUSHING NECK SIZING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Designed so the user can control and/or change the amount of neck sizing the cartridge case receives. Uses interchangeable sizing bushings that size the outside of the case neck. The conventional expander is eliminated, improving concentricity and prolonging brass life. ****NECK DIE BASE SOLD SEPARATELY****
The die is used with an Arbor Press. Sizes the neck to 3/16" from the mouth end, a practice many shooters prefer. Bushings not included. Dies include a decapping rod.

Safety Instruction Guide for L.E. Wilson 6mm Dasher Bushing Neck Sizing Die

Introduction

Thank you for choosing the L.E. Wilson 6mm Dasher Bushing Neck Sizing Die. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read this document carefully before using the die.

General Safety Guidelines

- Ensure the die is used in accordance with the manufacturer's instructions.
- Keep the die and all components out of the reach of children and pets.
- Always wear appropriate safety gear, including safety glasses, when using this product.
- Inspect the die and all components for damage before use. Do not use if any part is damaged.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Handle the die with care to prevent injury from sharp edges.
- Use the die only with an Arbor Press as intended. Do not use with any other equipment.
- When changing bushings, ensure the die is not under pressure to avoid injury.
- Always ensure that the cartridge case is securely held in place before sizing.
- Follow proper handling procedures for cartridge cases to prevent accidents.

Instructions for Installation and Usage

1. Installation:

- Ensure that the Arbor Press is placed on a stable and level surface.
- Securely attach the Neck Sizing Die to the Arbor Press according to the manufacturer's instructions.
- Confirm that the die is properly aligned and tightened before use.

2. Usage:

- Select the appropriate bushing size for your cartridge case. Ensure it is compatible with the 6mm Dasher.
- Insert the cartridge case into the die, ensuring it is seated correctly.
- Apply consistent and even pressure using the Arbor Press to size the neck of the cartridge case.
- After sizing, carefully remove the cartridge case from the die.
- Inspect the sized neck for any irregularities or damage.

3. Decapping:

- The die includes a decapping rod. Ensure it is correctly positioned before use.
- Follow the manufacturer's instructions for decapping to avoid damage to the die or cartridge case.

Disposal Instructions

- Dispose of the die and any components in accordance with local regulations.
- Do not dispose of the die in regular household waste. Contact local waste management for appropriate disposal methods.

Contact Information for Further Support

For any questions or concerns about the L.E. Wilson 6mm Dasher Bushing Neck Sizing Die, please refer to the manufacturer's website or customer support resources for assistance.

Conclusion

By following these safety instructions, you can ensure a safe and effective experience when using the L.E. Wilson 6mm Dasher Bushing Neck Sizing Die. Always prioritize safety and consult this guide whenever needed. Thank you for your attention to these important safety practices.
