Safety Instruction Guide for L.E. Wilson Micrometer Top Bullet Seater Die

Introduction

Thank you for choosing the L.E. Wilson Micrometer Top Bullet Seater Die for your reloading needs. This product is designed to provide accurate bulletseating depths, ensuring a safe and efficient reloading experience. Please read and follow these safety instructions carefully to ensure safe use and compliance with EU regulations.

General Safety Guidelines

- Always handle reloading equipment with care and respect.
- Ensure you are familiar with the reloading process before using this product.
- Store the die and all reloading components in a safe, dry place out of reach of children.
- Regularly inspect the die for any signs of wear or damage before use.
- Follow all manufacturer instructions and safety guidelines when using this product.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Use the die only with an Arbor Press as recommended.
- Avoid using the die with incompatible cartridges or materials.
- Wear appropriate safety gear, including safety glasses and gloves, while reloading.
- Ensure that the workspace is welllit and free of distractions.
- Do not exceed the recommended maximum loads for your cartridges.
- Keep fingers and hands clear of the die while in operation to prevent injury.

Instructions for Installation and Usage

1. Installation:

- Ensure the Arbor Press is securely mounted and stable.
- Carefully thread the Micrometer Top Bullet Seater Die into the Arbor Press according to the manufacturer's instructions.
- Adjust the die to the desired bulletseating depth using the micrometer scale in 0.001" increments.

2. Usage:

- Prepare your cartridge cases and bullets according to standard reloading procedures.
- Place the cartridge case in the Arbor Press and align it with the die.
- Insert the bullet into the case mouth.
- Slowly and steadily press the Arbor Press handle to seat the bullet to the desired depth.
- Check the bullet seating depth with a caliper to ensure accuracy.
- If needed, make adjustments to the die and repeat the process.

Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Ensure that all materials are disposed of in a manner that does not pose a risk to the environment or public safety.

Contact Information for Further Support

For any questions or concerns regarding the L.E. Wilson Micrometer Top Bullet Seater Die, please refer to the manufacturer's website or contact their customer service for assistance.

Thank you for your attention to these safety guidelines. Enjoy your reloading experience with the L.E. Wilson Micrometer Top Bullet Seater Die!
