Safety Instruction Guide for L.E. Wilson Micrometer Top Bullet Seater Dies

Introduction

Thank you for choosing the L.E. Wilson Micrometer Top Bullet Seater Dies for your reloading needs. This guide provides essential safety instructions to ensure the safe and effective use of this product in compliance with the EU General Product Safety Regulation (GPSR). Please read this guide carefully before using the product.

General Safety Guidelines

- Ensure that you are familiar with the operation of the Arbor Press before using the Micrometer Top Bullet Seater Dies.
- Always wear appropriate safety gear, including safety glasses, when reloading ammunition.
- Keep the workspace clean and organized to prevent accidents.
- Store the dies in a safe place out of reach of children and pets.
- Regularly inspect the dies for any signs of wear or damage before use.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Only use the L.E. Wilson Micrometer Top Bullet Seater Dies with an Arbor Press.
- Make sure the Arbor Press is securely mounted and stable before use.
- Do not exceed the recommended bullet seating depth to avoid potential hazards.
- Ensure that all components are compatible with the 7 mm SAUM (Remington SA Ultra Mag) cartridge.
- Avoid placing hands or fingers near moving parts during operation.
- If you experience any unusual resistance or difficulty during use, stop immediately and inspect the dies.

Instructions for Installation and Usage

1. Installation

- Securely mount the Arbor Press on a stable surface.
- Attach the Micrometer Top Bullet Seater Die to the Arbor Press according to the manufacturer's instructions.
- Ensure that the die is properly aligned and tightened to prevent movement during use.

2. Usage

- Adjust the micrometer top to the desired bullet seating depth in 0.001" increments.
- Place the cartridge case in the Arbor Press, ensuring it is properly positioned.
- Insert the bullet into the case mouth.
- Slowly and steadily apply pressure using the Arbor Press to seat the bullet to the desired depth.
- After seating, remove the cartridge carefully and inspect the bullet seating depth.

Disposal Instructions

- Dispose of any unused or damaged dies in accordance with local regulations.
- Do not throw away the dies in regular household waste.
- Contact local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any safety inquiries, please refer to the EUbased contact point as indicated on the product packaging or documentation. For further assistance, consult the manufacturer's website or customer service.

Thank you for following these safety instructions. Your adherence to these guidelines will help ensure a safe and enjoyable reloading experience with the L.E. Wilson Micrometer Top Bullet Seater Dies.
