# Safety Instruction Guide for WILSON VLD BULLET SEATER STEMS

## Introduction

Thank you for choosing the L.E. Wilson VLD Bullet Seater Stem. This product is designed to enhance your reloading experience by providing better seating for VLDstyle bullets. To ensure safe and effective use of this product, please read and follow all safety instructions and guidelines outlined in this manual.

## General Safety Guidelines

- Ensure safe use of all nonfood products, including new technologies and online purchases.
- Be aware of potential risks that may not be addressed by other EU laws.
- If you purchase this product online, ensure that the seller meets all safety requirements.
- Extra safeguards are in place for vulnerable groups, including children. Keep products out of reach of children.
- Always have access to an EUbased contact for safety inquiries regarding this product.
- Stay informed about unsafe products and recalls through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always wear appropriate safety gear, including safety glasses and gloves, when using the bullet seater stem.
- Inspect the bullet seater stem for any visible damage or wear before each use. Do not use if damaged.
- Ensure that your reloading setup is stable and secure to prevent accidents.
- Use only compatible VLDstyle bullets with this seating stem to avoid improper seating.
- Keep the work area clean and free of obstructions to minimize the risk of accidents.
- Follow all manufacturer instructions for your reloading equipment to ensure safe operation.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure your reloading press is turned off and unplugged before installation.
- Remove the existing seating stem from your L.E. Wilson Chamber Type Bullet Seater Die.
- Insert the L.E. Wilson VLD Seating Stem into the die and tighten securely.
- Ensure that the stem is properly aligned and seated within the die.

### 2. Usage:

- Set your reloading press to the appropriate settings for the caliber you are using (33 Caliber).
- Load the VLDstyle bullet into the case mouth.
- Adjust the seating depth as required, ensuring the bullet is seated firmly but not excessively deep.
- Operate the reloading press smoothly and steadily to seat the bullet without jerking or sudden movements.
- After reloading, inspect each round for proper seating and overall quality.

## Disposal Instructions

- Dispose of any damaged or wornout components in accordance with local regulations.
- Do not throw away in regular household waste. Instead, check for local recycling or hazardous waste disposal options.
- Ensure that all materials used during reloading, including spent primers and powder, are disposed of

safely.

## **Contact Information for Further Support**

For any questions or concerns regarding the L.E. Wilson VLD Bullet Seater Stem, please refer to the contact information provided by your retailer or manufacturer. Ensure you have the product details on hand for efficient assistance.

By following these guidelines and instructions, you can ensure a safe and effective reloading experience with the L.E. Wilson VLD Bullet Seater Stem. Thank you for your attention to safety and for choosing our product. Happy reloading!
