Safety Instruction Guide for L.E. Wilson VLD Bullet Seater Stems

Introduction

Thank you for purchasing the L.E. Wilson VLD Bullet Seater Stems. This product is designed to help reloaders seat VLDstyle bullets effectively and safely. Please read this safety instruction guide carefully to ensure proper use and to minimize any risks associated with the product.

General Safety Guidelines

- Always handle reloading equipment with care and follow all manufacturer instructions.
- Ensure that the workspace is clean, welllit, and free from distractions.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly check the product for any signs of wear or damage before use.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Use the L.E. Wilson VLD Bullet Seater Stems only with compatible L.E. Wilson Chamber Type Bullet Seater Dies.
- Ensure that the bullet type (VLD Secant, Hybrid, Tangent) is appropriate for the seating stem being used.
- Always wear safety glasses when reloading to protect your eyes from potential hazards.
- Do not exceed the recommended caliber specifications when using this product.
- Avoid using the seating stem if it is damaged or shows signs of wear.
- Ensure that all components are securely fastened before operating the bullet seater.

Instructions for Installation and Usage

1. Installation:

- Remove the existing seating stem from the L.E. Wilson Chamber Type Bullet Seater Die.
- Clean the seating die to remove any debris or residue.
- Insert the L.E. Wilson VLD Bullet Seater Stem into the die, ensuring a snug fit.
- Tighten the seating stem securely, but do not overtighten to avoid damage.

2. Usage:

- Prepare your reloading workspace by gathering all necessary materials and tools.
- Set the die to the desired seating depth according to your specific reloading needs.
- Insert the bullet into the case mouth and position it under the seating stem.
- Operate the bullet seater handle smoothly, applying consistent pressure until the bullet is seated.
- Check the seating depth using a caliper to ensure accuracy.
- Repeat the process for additional rounds, ensuring each bullet is seated to the desired depth.

Disposal Instructions

- Dispose of any unused or damaged product components in accordance with local regulations.
- Recycle packaging materials where possible.
- Do not dispose of the product in household waste if it is deemed hazardous.

Contact Information for Further Support

For any questions or concerns related to the L.E. Wilson VLD Bullet Seater Stems, please refer to the manufacturer's website or contact their customer support for assistance.

By following these guidelines and instructions, you can ensure safe and effective use of the L.E. Wilson VLD Bullet Seater Stems. Thank you for your attention to safety.
