

# **WILSON STAINLESS NECK DIE PUNCHES - L.E. WILSON 2.750" SMALL FLASHHOLE NECK DIE PUNCH**

[Reloading](#) > [Reloading Dies](#) > [Replacement Parts & Upgrades](#)

Some reloaders prefer using these handy tools instead of their reloading die and press for primer removing. Removes military crimped primers, or de-caps your cases separately for case cleaning or tumbling. Punches are caliber specific. Use the 30 caliber punch for all cartridges 30 caliber and up. Please order punch by caliber.

# Safety Instruction Guide for WILSON STAINLESS NECK DIE PUNCHES

## Introduction

Thank you for choosing the WILSON STAINLESS NECK DIE PUNCHES. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read this guide carefully before using the product.

## General Safety Guidelines

- Always handle tools with care to prevent injuries.
- Keep tools out of reach of children and unauthorized users.
- Ensure that your work area is clean and free from hazards.
- Use appropriate personal protective equipment (PPE), such as safety glasses and gloves, when operating the tool.
- Be aware of your surroundings and avoid distractions while using the tool.
- Regularly inspect the tool for any signs of damage or wear. Do not use damaged tools.
- Follow all local regulations regarding the use of firearms and ammunition.

## Specific Safety Precautions for Use

- Use the WILSON STAINLESS NECK DIE PUNCHES only for their intended purpose, which is to remove military crimped primers or decap cases.
- Ensure that the punch is correctly matched to the caliber of the cartridge you are using.
- Do not attempt to modify the tool in any way, as this may compromise safety.
- Always ensure the tool is securely positioned before applying force.
- Do not place any part of your body in the path of the punch when in use.
- If you are unsure about the operation of the tool, seek guidance from a knowledgeable individual before proceeding.

## Instructions for Installation and Usage

### 1. Selecting the Correct Punch:

- Identify the caliber of the cartridge you will be working with.
- Use the 30 caliber punch for all cartridges 30 caliber and up.
- Order the punch by caliber to ensure compatibility.

### 2. Using the Punch:

- Place the cartridge in a stable position on a clean, flat surface.
- Align the punch with the primer pocket of the cartridge.
- Apply steady pressure to the punch to remove the primer. Do not use excessive force.
- Once the primer is removed, inspect the cartridge for any damage before proceeding with reloading.

### 3. Cleaning and Maintenance:

- After use, clean the tool with a soft cloth to remove any debris or residue.
- Store the punch in a dry location to prevent rust and damage.

## Disposal Instructions

- Dispose of used primers and any other waste materials in accordance with local regulations.
- Do not dispose of the tool in regular household waste. Follow your local guidelines for the disposal of tools and equipment.

## Contact Information for Further Support

For any safety inquiries or further support regarding the WILSON STAINLESS NECK DIE PUNCHES, please contact your local distributor or refer to the manufacturer's website for additional resources.

## Conclusion

By following these safety instructions, you can ensure a safe and effective experience with your WILSON STAINLESS NECK DIE PUNCHES. Always prioritize safety and consult this guide whenever you have questions about the proper use of the product. Thank you for your attention to safety!
