

# **WILSON STAINLESS DECAPPING PUNCHES - L.E. WILSON DECAPPING PUNCH ONLY .22 CAL WITH GROUND PIN**

[Reloading](#) > [Reloading Dies](#) > [Replacement Parts & Upgrades](#)

Some reloaders prefer using these handy tools instead of their reloading die and press for primer removing. Removes military crimped primers, or de-caps your cases separately for case cleaning or tumbling. See below for cartridge family. Punches are caliber specific. Use the 30 caliber punch for all cartridges 30 caliber and up.

## **Attributes**

- Name: [L.E. WILSON DECAPPING PUNCH ONLY .22 CAL WITH GROUND PIN](#)

# WILSON STAINLESS DECAPPING PUNCHES USER SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the WILSON STAINLESS DECAPPING PUNCHES. This product is designed to assist reloaders in safely and efficiently removing primers from cartridge cases. Please read this safety instruction guide thoroughly before using the product to ensure safe operation and compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always ensure that you are using the correct caliber punch for your specific cartridge.
- Keep the decapping punch out of reach of children and vulnerable individuals.
- Inspect the tool before each use for any signs of damage or wear.
- Use the tool only for its intended purpose as described in this guide.
- Do not use the decapping punch on live ammunition.
- Always wear appropriate safety gear, including safety glasses, when using the tool.
- Store the decapping punch in a safe place when not in use to prevent accidents.

## Specific Safety Precautions for Use

- Ensure that the working area is clean and free of obstructions.
- Do not apply excessive force when using the punch; this may cause damage or injury.
- Hold the cartridge securely to prevent it from slipping during the decapping process.
- If you experience resistance when using the punch, stop immediately and inspect the cartridge and tool.
- Never attempt to modify the decapping punch in any way.
- Be aware of your surroundings and ensure that no one is in the immediate vicinity while you are working.

## Instructions for Installation and Usage

### 1. Select the Correct Caliber Punch:

- For .22 caliber cartridges, use the .22 caliber punch.
- For cartridges of .30 caliber and up, use the 30 caliber punch.

### 2. Prepare the Cartridge:

- Ensure that the cartridge is empty and free of any live primers.
- Inspect the cartridge for any defects or damage.

### 3. Using the Decapping Punch:

- Place the cartridge in a stable position on a solid surface.
- Align the decapping punch with the primer pocket of the cartridge.
- Apply steady pressure to the punch to remove the primer. Avoid using excessive force.

### 4. PostUse Care:

- After use, clean the decapping punch to remove any debris or residue.
- Store the tool in a designated area to prevent damage and accidents.

## Disposal Instructions

- Dispose of any removed primers and damaged cartridges in accordance with local regulations.
- Do not dispose of the decapping punch in regular household waste. Check with local authorities for proper disposal methods for metal tools.

## Contact Information for Further Support

For any inquiries regarding the safety or use of the WILSON STAINLESS DECAPPING PUNCHES, please refer to the manufacturer's contact information provided on the packaging or product documentation.

By following these safety instructions, you can ensure a safe and effective experience with the WILSON STAINLESS DECAPPING PUNCHES. Always prioritize safety and compliance with local regulations when using reloading tools. Thank you for your attention to safety and for choosing our product.
