

# WILSON STAINLESS DECAPPING PUNCHES - L.E. WILSON

## DECAPPING PUNCH ONLY .22 CAL .218 DIAMETER

[Reloading](#) > [Reloading Dies](#) > [Replacement Parts & Upgrades](#)

Some reloaders prefer using these handy tools instead of their reloading die and press for primer removing. Removes military crimped primers, or de-caps your cases separately for case cleaning or tumbling. See below for cartridge family. Punches are caliber specific. Use the 30 caliber punch for all cartridges 30 caliber and up.

### Attributes

# WILSON STAINLESS DECAPPING PUNCHES SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the WILSON STAINLESS DECAPPING PUNCHES. This guide provides important safety information and instructions to ensure the safe and effective use of the decapping punch. Please read this manual thoroughly before use.

## General Safety Guidelines

- Ensure the product is used only for its intended purpose, which is to remove primers from cases.
- Always inspect the decapping punch for any damage before use. Do not use if damaged.
- Keep out of reach of children and vulnerable individuals to prevent accidental injury.
- Always wear appropriate safety gear, including safety glasses, when using the decapping punch.
- Store the decapping punch in a safe, dry place when not in use to prevent accidents and maintain its condition.
- Be aware of your surroundings and ensure that you have a clear workspace to prevent injuries.

## Specific Safety Precautions for Use

- Use the correct caliber punch for your specific cartridge to avoid malfunctions or damage.
- Ensure the cartridge is empty before attempting to decap.
- Do not force the punch if it does not easily fit into the primer pocket; this may cause damage to the punch or cartridge.
- Avoid using excessive force when striking the punch; this can lead to injury or damage.
- Always point the punch away from yourself and others while using it.
- If you experience any difficulties or resistance while using the punch, stop and assess the situation before proceeding.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary materials, including the decapping punch, a suitable hammer, and empty cases.
- Ensure your workspace is clean and organized.

### 2. Using the Decapping Punch:

- Select the appropriate punch based on the caliber of the cartridge you are working with.
- Place the cartridge on a stable surface with the primer side facing up.
- Align the decapping punch with the primer pocket.
- Gently tap the top of the punch with a hammer to drive it into the primer pocket and remove the primer.
- Inspect the cartridge to ensure the primer has been completely removed.

### 3. After Use:

- Clean the punch after each use to remove any debris or residue.
- Store the punch in its designated storage area to prevent damage.

## Disposal Instructions

- Dispose of used primers and any other waste materials according to local regulations and guidelines for hazardous waste.
- Do not dispose of the decapping punch in regular household waste. Instead, follow local recycling guidelines for metal tools.

## Contact Information for Further Support

For any safety inquiries or further assistance, please refer to the designated contact point provided on the product packaging or visit the manufacturer's website.

**Important Note:** This safety instruction guide is designed to help you use the WILSON STAINLESS DECAPPING PUNCHES safely and effectively. Always prioritize safety and follow the guidelines to ensure a positive reloading experience.
