

# WILSON STAINLESS DECAPPING PUNCHES - L.E. WILSON

## DECAPPING PUNCH ONLY 25/270/6.5/7MM WITH GROUND PIN

[Reloading](#) > [Reloading Dies](#) > [Replacement Parts & Upgrades](#)

Some reloaders prefer using these handy tools instead of their reloading die and press for primer removing. Removes military crimped primers, or de-caps your cases separately for case cleaning or tumbling. See below for cartridge family. Punches are caliber specific. Use the 30 caliber punch for all cartridges 30 caliber and up.

### Attributes

- Name: [L.E. WILSON DECAPPING PUNCH ONLY 25/270/6.5/7MM WITH GROUND PIN](#)

# WILSON STAINLESS DECAPPING PUNCHES Safety Instruction Guide

## Introduction

Thank you for choosing the WILSON STAINLESS DECAPPING PUNCHES. This guide provides essential safety instructions to ensure the safe and effective use of the decapping punches. Please read this guide carefully before using the product.

## General Safety Guidelines

- Always ensure that you are using the decapping punches in a wellventilated area.
- Keep the decapping punches out of reach of children and vulnerable individuals.
- Inspect the decapping punches before each use for any signs of damage or wear.
- Do not use the decapping punches if they are damaged or broken.
- Always wear appropriate safety gear, such as safety glasses, when using the decapping punches.
- Follow local laws and regulations regarding the handling and use of reloading equipment and components.

## Specific Safety Precautions for Use

- Ensure that your work area is clean and organized to prevent accidents.
- Use the appropriate caliber punch for the cartridge you are working with to avoid potential hazards.
- Do not use excessive force when using the decapping punches, as this may lead to accidents or damage to the product.
- Always point the punch away from yourself and others when removing primers.
- Be cautious of sharp edges and points on the decapping punches; handle them with care.
- If you experience any difficulty during use, stop and assess the situation before proceeding.

## Instructions for Installation and Usage

### 1. Selecting the Right Punch:

- Choose the appropriate decapping punch based on the caliber of the cartridge you are working with. Refer to the following:
  - 25 Caliber (.251)
  - 284/7 mm (.284)
  - 30 Caliber (for all cartridges 30 caliber and up)

### 2. Installation:

- Ensure your reloading press is properly set up and secured.
- Insert the selected decapping punch into the reloading die according to the manufacturer's instructions.

### 3. Using the Decapping Punch:

- Place the cartridge case in the appropriate position on the reloading press.
- Activate the reloading press to push the decapping punch down into the cartridge case to remove the primer.
- Check the primer for removal and inspect the cartridge case for any damage.

### 4. After Use:

- Clean the decapping punch after each use to remove any residue or debris.
- Store the decapping punches in a safe place, away from moisture and direct sunlight.

## **Disposal Instructions**

- Dispose of any used primers and cartridge cases in accordance with local regulations.
- Do not dispose of the decapping punches in regular household waste. Instead, follow local guidelines for the disposal of metal tools and equipment.

## **Contact Information for Further Support**

For any safety inquiries or additional support regarding the WILSON STAINLESS DECAPPING PUNCHES, please refer to the contact information provided by the manufacturer. Ensure you have the product details ready for a more efficient response.

Thank you for following these safety guidelines. Your safety and satisfaction are our top priorities. Enjoy your reloading experience with the WILSON STAINLESS DECAPPING PUNCHES!
