

# WILSON STAINLESS DECAPPING PUNCHES - L.E. WILSON DECAPPING PUNCH ONLY .30 CAL WITH GROUND PIN

[Reloading](#) > [Reloading Dies](#) > [Replacement Parts & Upgrades](#)

Some reloaders prefer using these handy tools instead of their reloading die and press for primer removing. Removes military crimped primers, or de-caps your cases separately for case cleaning or tumbling. See below for cartridge family. Punches are caliber specific. Use the 30 caliber punch for all cartridges 30 caliber and up.

# WILSON STAINLESS DECAPPING PUNCHES Safety Instruction Guide

## Introduction

Thank you for choosing the WILSON STAINLESS DECAPPING PUNCHES. This guide provides important safety instructions and usage guidelines to ensure your safety and the effective operation of the decapping punch. Please read this manual carefully before using the product.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Keep the decapping punch out of reach of children and vulnerable individuals.
- Always inspect the tool for any damage before use. Do not use if damaged.
- Wear appropriate personal protective equipment (PPE) such as safety glasses and gloves while using the tool.
- Store the decapping punch in a safe, dry place when not in use to prevent accidents.

## Specific Safety Precautions for Use

- Always use the correct caliber punch for the cartridge you are decapping. This product is designed specifically for 30 caliber cartridges.
- Avoid applying excessive force when using the punch, as this may cause injury or damage to the tool.
- Do not attempt to modify or alter the decapping punch in any way.
- Use caution when handling spent cartridges, as they may still contain residual primer or gunpowder.
- Ensure that your workspace is clear of clutter and distractions while using the decapping punch.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary materials: the WILSON STAINLESS DECAPPING PUNCH, the cartridge cases you intend to decap, and any appropriate tools for your reloading setup.
- Ensure that you are working in a welllit and organized area.

### 2. Using the Decapping Punch:

- Select the appropriate 30 caliber punch for your cartridge.
- Insert the cartridge case into the punch holder securely.
- Align the punch with the primer pocket of the cartridge case.
- Apply a steady and controlled downward force on the punch to remove the primer. Be cautious not to strike too hard.
- Once the primer has been removed, carefully remove the cartridge case from the punch holder.

### 3. PostUse:

- Inspect the decapping punch for any wear or damage after use.
- Clean the tool as necessary to maintain its performance and longevity.

## Disposal Instructions

- Dispose of spent primers and any damaged or wornout decapping punches in accordance with local regulations.

- Ensure that all materials are disposed of safely to prevent environmental contamination.

## Contact Information for Further Support

For any safety inquiries or additional support, please refer to the manufacturer's contact details provided with the product packaging or on the official website.

**Important Note:** Always stay informed about product recalls and safety updates. You can check for updates on the EU's Safety Gate platform to ensure your continued safety while using this product.

Thank you for prioritizing safety and responsible use of the WILSON STAINLESS DECAPPING PUNCHES. Your adherence to these guidelines helps ensure a safe and effective reloading experience.
