

WILSON STAINLESS DECAPPING PUNCHES - L.E. WILSON

DECAPPING PUNCH ONLY 6MM .WITH GROUND PIN

[Reloading](#) > [Reloading Dies](#) > [Replacement Parts & Upgrades](#)

Some reloaders prefer using these handy tools instead of their reloading die and press for primer removing. Removes military crimped primers, or de-caps your cases separately for case cleaning or tumbling. See below for cartridge family. Punches are caliber specific. Use the 30 caliber punch for all cartridges 30 caliber and up.

Safety Instruction Guide for WILSON STAINLESS DECAPPING PUNCHES

Introduction

Thank you for choosing the WILSON STAINLESS DECAPPING PUNCHES. This guide provides essential safety instructions, usage guidelines, and disposal information to ensure your safe experience with this product. Please read this document carefully before using the decapping punch.

General Safety Guidelines

- Always use the decapping punch in a safe environment, free from distractions.
- Keep the decapping punch out of reach of children and vulnerable individuals.
- Inspect the decapping punch before each use for any signs of damage or wear.
- Use protective eyewear when handling the decapping punch to prevent injury from flying debris.
- Follow all instructions carefully to avoid accidents.
- Report any unsafe conditions or product malfunctions to the appropriate authorities.

Specific Safety Precautions for Use

- Ensure that the caliber of the decapping punch matches the cartridge you are using (e.g., use the 6mm punch for .243 cartridges).
- Do not attempt to decap cases that are not specifically designed for this punch.
- Avoid using excessive force when decapping to prevent damage to the punch or the cartridge case.
- Always work in a wellventilated area to avoid inhalation of any dust or particles.
- Do not use the decapping punch for any purpose other than its intended use.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary materials, including the decapping punch, cartridge cases, and a suitable work surface.
- Ensure that the work area is clean and organized.

2. Installation:

- Insert the decapping punch into the appropriate reloading press or holder.
- Ensure that it is securely fastened and stable before use.

3. Using the Decapping Punch:

- Place the cartridge case in the holder, ensuring it is positioned correctly.
- Align the decapping punch with the primer pocket of the cartridge case.
- Apply steady and controlled pressure to the press handle to remove the primer.
- Inspect the case after decapping to ensure that the primer has been fully removed and there is no damage to the case.

4. PostUse:

- Clean the decapping punch after each use to remove any residue or debris.
- Store the decapping punch in a safe place, away from children and pets.

Disposal Instructions

- Dispose of any used primers and cartridge cases in accordance with local regulations.
- Do not dispose of the decapping punch in regular household waste.
- Check with local waste management authorities for specific disposal instructions for metal tools.

Contact Information for Further Support

For any inquiries regarding safety, usage, or product support, please contact the manufacturer or your local distributor. Ensure you have your product details on hand for efficient assistance.

By following these guidelines, you can ensure a safe and effective experience with your WILSON STAINLESS DECAPPING PUNCHES. Thank you for your attention to safety!
