

# BARNES SPIT-FIRE T-EZ BULLETS - BARNES BULLETS SPIT-FIRE T-EZ 50 CAL (0.510") FB 250GR 24/BOX

[Reloading](#) > [Muzzleloading Components](#) > [Bullets](#)

Barnes' Spit-Fire T-EZ muzzleloader bullets load easier, even in tight bores. A sabot reduces the ramrod pressure required to load and seat these .50-caliber, flat-base bullets. T-EZ bullets deliver the same match-grade accuracy all Barnes' MZ bullets are famous for. The 100% copper bullets feature a polymer tip that enhances expansion and boosts BC for superior long-range ballistics. They expand at both close and extended range, creating six razor-edge cutting petals that maximize shock and penetration.

## Attributes

- Name: [BARNES BULLETS SPIT-FIRE T-EZ 50 CAL \(0.510"\) FB 250GR 24/BOX](#)

# Safety Instruction Guide for BARNES SPITFIRE TEZ Bullets

## Introduction

Thank you for choosing BARNES SPITFIRE TEZ Bullets. These muzzleloader bullets are designed for ease of use and exceptional performance. However, it is essential to follow safety guidelines to ensure safe handling and usage. This document outlines important safety instructions and practices to help you use this product safely and effectively.

## General Safety Guidelines

- Always treat all firearms and ammunition as if they are loaded.
- Store bullets in a cool, dry place away from direct sunlight and moisture.
- Keep ammunition out of reach of children and unauthorized users.
- Always wear appropriate safety gear, including eye and ear protection, when handling or using firearms.
- Familiarize yourself with local laws and regulations regarding the use of ammunition and firearms.
- Report any unsafe products or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Ensure that your firearm is compatible with .50 caliber (0.510") flatbase bullets before use.
- Do not exceed the recommended load limits for your firearm.
- Always follow the manufacturer's instructions for loading and firing.
- Inspect bullets for any damage or defects before use. Do not use damaged bullets.
- Avoid using bullets that have been exposed to excessive moisture or have been stored improperly.
- Never mix different types or brands of ammunition.

## Instructions for Installation and Usage

### 1. Loading the Bullets:

- Ensure your firearm is pointed in a safe direction.
- Open the breech and insert the sabot and bullet into the muzzle.
- Use a ramrod to firmly seat the bullet in the bore, applying consistent pressure without excessive force.
- Ensure the bullet is properly seated and that there is no obstruction in the barrel.

### 2. Firing the Bullets:

- Always ensure the firearm is pointed downrange and that the area is clear of people and obstacles.
- Follow the specific firing instructions provided by your firearm's manufacturer.
- Only fire when you are sure of your target and what lies beyond it.

### 3. PostUse Care:

- After firing, clean your firearm according to the manufacturer's instructions to remove any residue and maintain performance.
- Store unused bullets in their original packaging, securely closed, and in a safe location.

## **Disposal Instructions**

- Dispose of any unused or damaged bullets in accordance with local regulations.
- Do not throw bullets in regular household waste.
- Contact your local waste management facility for guidance on hazardous waste disposal.

## **Contact Information for Further Support**

For any safety inquiries or additional support, please refer to the manufacturer's contact information provided on the product packaging or visit the manufacturer's website.

Thank you for your attention to these safety instructions. By following these guidelines, you can ensure a safer experience while using BARNES SPITFIRE TEZ Bullets.
