

# 348 WINCHESTER BRASS - STARLINE 348 WIN BRASS CASE 100/BAG

[Reloading](#) > [Brass](#) > [Rifle Brass](#)

The .348 Winchester was developed for the Winchester Model 71 lever action rifle in 1936. Touted as being one of the most powerful lever action cartridges available, it was popular for hunting large game all across America. The .348 Winchester also serves as the base for several wildcat cartridges.

# Safety Instruction Guide for 348 Winchester Brass by Starline

## Introduction

Thank you for choosing the 348 Winchester Brass from Starline. This guide provides essential safety instructions to ensure the safe use and handling of this product. The .348 Winchester is designed for use in firearms and is intended for experienced users. Please read this guide carefully before use.

## General Safety Guidelines

- Always treat all firearms and ammunition as if they are loaded.
- Store brass cases in a cool, dry place away from direct sunlight.
- Keep this product out of reach of children and unauthorized users.
- Inspect brass cases for defects or damage before use.
- Follow all local laws and regulations regarding the use and storage of ammunition and firearms.
- Report any unsafe products or incidents to the relevant authorities.

## Specific Safety Precautions for Use

- Ensure that you are using the correct caliber and type of brass for your firearm.
- Use proper reloading techniques and follow manufacturer guidelines for load data.
- Always wear appropriate safety gear, such as safety glasses and hearing protection, when handling firearms.
- Be aware of your surroundings and ensure that you are in a safe environment when using firearms.
- Never exceed the recommended load limits for your brass cases.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary equipment for reloading, including a press, dies, and safety gear.
- Ensure that your workspace is clean and organized.

### 2. Inspecting Brass:

- Check each brass case for signs of wear or damage before use.
- Discard any cases that show signs of cracks, dents, or other defects.

### 3. Reloading Process:

- Follow the reloading instructions provided with your equipment.
- Use the appropriate powder, primer, and bullet as specified in your reloading data.
- Ensure that the brass case is properly seated in the die before proceeding with the reloading process.

### 4. Storage:

- Store reloaded ammunition in a labeled container, indicating the load data and date of reloading.
- Keep reloaded ammunition in a secure location away from children and unauthorized users.

## **Disposal Instructions**

- Dispose of any damaged or unusable brass cases according to local regulations.
- Do not throw brass cases in regular trash; instead, consider recycling them if possible.
- Follow local guidelines for the disposal of hazardous materials if applicable.

## **Contact Information for Further Support**

For any inquiries regarding safety or product information, please refer to the EU contact point for assistance. It is essential to have a point of contact for any safetyrelated questions or concerns.

Thank you for prioritizing safety and responsible handling of the 348 Winchester Brass. Your adherence to these guidelines helps ensure a safe experience for yourself and others.
