

# WILSON NECK DIE FELT PAD - L.E. WILSON NECK DIE FELT PAD

[Reloading](#) > [Reloading Dies](#) > [Replacement Parts & Upgrades](#)

## Replacement for a Small But Critical Part in Wilson Neck Dies

The L.E. Wilson Neck Die Pads are replacements for worn or damaged felt pads in any Wilson neck-sizing die. These pressed felt pads keep the decapping rod centering screws from scoring or otherwise damaging the surface of the decapping rod. L.E. Wilson Replacement Neck Die Pads are sold in pairs because each neck die requires two pads. Always keep a set of L.E. Wilson Neck Die Pads on hand so your next reloading session isn't cancelled for lack of this simple, inexpensive replacement part.

## Attributes

- Name: [L.E. WILSON NECK DIE FELT PAD](#)

# WILSON NECK DIE FELT PAD Safety Instruction Guide

## Introduction

Thank you for choosing the L.E. Wilson Neck Die Felt Pad. This guide provides essential safety instructions to ensure the safe use and maintenance of your product. Please read this document carefully before use to maximize safety and performance.

## General Safety Guidelines

- Ensure the product is used only for its intended purpose as a replacement pad for Wilson necksizing dies.
- Always inspect the felt pads for any signs of wear or damage before installation.
- Keep the product out of reach of children and pets to prevent accidental ingestion or injury.
- If you experience any issues during installation or use, cease operation immediately and consult the manufacturer for assistance.

## Specific Safety Precautions for Use

- Use only in conjunction with compatible L.E. Wilson necksizing dies.
- Do not use the felt pads if they are frayed or damaged, as this may lead to malfunction or injury.
- Avoid using excessive force when installing the pads to prevent damage to the die or the pads themselves.
- Ensure that the decapping rod is securely positioned before use to avoid any accidental movement during operation.
- Wear appropriate safety gear, such as safety glasses, when using reloading equipment to protect against any potential debris.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary tools and materials, including the L.E. Wilson Neck Die Felt Pads and any required installation tools.
- Ensure your workspace is clean and free from distractions.

### 2. Installation Steps

- Remove the existing felt pads from the necksizing die by unscrewing the decapping rod centering screws.
- Inspect the area for any debris or damage before proceeding.
- Place the new L.E. Wilson Neck Die Felt Pads onto the designated areas of the die.
- Reattach the decapping rod centering screws, ensuring that they are tightened securely but without excessive force.

### 3. Usage Instructions

- Once installed, proceed with your reloading operations as usual.
- Monitor the felt pads during use for any signs of wear or degradation.
- Replace the pads promptly if you notice any damage to ensure continued safe operation.

## **Disposal Instructions**

- Dispose of used or damaged felt pads in accordance with local regulations.
- Do not dispose of felt pads in regular household waste if they contain hazardous materials. Check with local waste management facilities for proper disposal methods.

## **Contact Information for Further Support**

For any inquiries or assistance regarding the L.E. Wilson Neck Die Felt Pad, please contact the manufacturer directly. Ensure you have the product details ready for a more efficient response.

Thank you for your attention to these safety guidelines. Your safety and satisfaction are our top priorities. Enjoy your reloading experience with the L.E. Wilson Neck Die Felt Pad!
