# Sinclair Priming Tool Shell Holders Safety Instruction Guide

## Introduction

Thank you for choosing the Sinclair Priming Tool Shell Holders. This guide provides essential safety instructions and usage guidelines to ensure a safe and effective experience with your product. It is important to follow these guidelines to prevent any accidents or injuries.

## General Safety Guidelines

- Ensure that the Sinclair Priming Tool Shell Holder is used only with compatible cartridges: 223 Remington, 204 Ruger, 5.56 mm NATO, 300 AAC Blackout, 221 Remington Fireball, 222 Remington, 17 Remington, 222 Remington Mag, 17 Remington Fireball, 17 Mach IV, 300 Whisper, and 6mm TCU.
- Always inspect the shell holder for any signs of damage or wear before use. Do not use if damaged.
- Keep the shell holder out of reach of children and vulnerable individuals to prevent accidental injury.
- Use the product in a wellventilated area to avoid inhaling any dust or particles generated during use.
- Follow all local laws and regulations regarding the handling and use of ammunition and reloading equipment.

## Specific Safety Precautions for Use

- Wear appropriate personal protective equipment (PPE), including safety glasses and gloves, while using the Sinclair Priming Tool Shell Holder.
- Ensure that the area where you are working is clean and free from clutter to minimize the risk of accidents.
- Do not exceed the recommended specifications for the Sinclair Priming Tool when using the shell holder.
- Avoid using excessive force when inserting or removing the shell holder from the Sinclair Priming Tool.
- Do not modify or alter the shell holder in any way, as this may compromise its safety and functionality.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that the Sinclair Priming Tool is powered off and disconnected from any power source before installation.
- Select the appropriate shell holder for the cartridge you will be using.
- Align the shell holder with the tool and gently insert it until it clicks into place. Ensure that it is securely attached.
- Inspect the installation to confirm that the shell holder is properly seated and stable.

### 2. Usage:

- Load the cartridge into the shell holder, ensuring it is seated correctly.
- Follow the Sinclair Priming Tool instructions for priming cartridges.
- Monitor the process closely to prevent any malfunctions or accidents.
- After use, remove the shell holder from the Sinclair Priming Tool and clean it according to the manufacturer's recommendations.

## Disposal Instructions

- Dispose of any damaged or worn shell holders in accordance with local regulations for metal recycling.
- Do not throw away in regular household waste.

- Ensure that all components are disposed of safely to prevent environmental contamination.

## Contact Information for Further Support

For any safety inquiries or further assistance regarding the Sinclair Priming Tool Shell Holders, please refer to the manufacturer's contact information provided with the product packaging or on the official website.

Thank you for following these safety instructions. Your adherence to these guidelines will help ensure a safe and enjoyable experience with your Sinclair Priming Tool Shell Holders.
