

# A-FRAME HEAVY RIFLE BULLETS - SWIFT BULLET 9.3MM (0.366") 250GR SEMI-SPITZER 50/BOX

[Reloading](#) > [Bullets](#) > [Rifle Bullets](#)

Heavy rifle A-Frame bullets are for use on dangerous game. The bullet initiates expansion at 1650 feet per second on the low end and stays together at 3000+ feet per second on the high end. Controlled expansion of 2x its original caliber and 95%+ weight retention make the A-Frame® bullet superior in downrange energy and stopping power. Terminal performance is unequalled.

# **AFRAME HEAVY RIFLE BULLETS SWIFT BULLET**

## **9.3MM (0.366") 250GR SEMISPITZER 50/BOX**

### **Safety Instruction Guide**

#### **Introduction**

Thank you for choosing the AFrame Heavy Rifle Bullets by Swift Bullet. These bullets are designed for use on dangerous game and provide superior downrange energy and stopping power. It is essential to follow safety guidelines to ensure safe handling and usage. This document provides comprehensive safety instructions in compliance with the EU General Product Safety Regulation (GPSR).

#### **General Safety Guidelines**

- Always treat every bullet as if it is loaded.
- Store bullets in a cool, dry place away from direct sunlight and moisture.
- Keep bullets out of reach of children and unauthorized users.
- Use appropriate personal protective equipment (PPE) when handling bullets.
- Familiarize yourself with local laws and regulations regarding ammunition use.
- Always check for recalls or safety alerts regarding this product on the EU Safety Gate platform.

#### **Specific Safety Precautions for Use**

- Ensure that your firearm is compatible with 9.3mm ammunition before use.
- Inspect bullets for any visible damage before loading them into your firearm.
- Only use bullets for their intended purpose; do not modify or alter them.
- Always ensure a proper fit in your firearm's chamber to avoid misfires or jams.
- Use bullets only in firearms designed to handle the specific caliber and type.
- Do not fire bullets at hard surfaces or water to avoid ricochets.
- Follow all manufacturer instructions for your firearm when using these bullets.

#### **Instructions for Installation and Usage**

##### **1. Preparation:**

- Ensure that you are in a safe and controlled environment for loading and shooting.
- Wear appropriate eye and ear protection.

##### **2. Loading Bullets:**

- Open the box of AFrame Heavy Rifle Bullets carefully.
- Inspect each bullet for any signs of damage or defects.
- Load the bullets into your firearm as per the manufacturer's loading instructions.

##### **3. Shooting:**

- Always aim in a safe direction and be aware of your surroundings.
- Do not place your finger on the trigger until ready to fire.
- Fire bullets only in designated shooting areas.

##### **4. PostShooting:**

- After shooting, ensure the firearm is unloaded before cleaning or storing.

- Dispose of any spent casings and packaging responsibly.

## **Disposal Instructions**

- Dispose of unused or damaged bullets according to local regulations.
- Do not throw bullets in regular trash; contact local authorities for proper disposal methods.
- Ensure that spent casings are disposed of in a manner that does not pose a hazard to others.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the AFrame Heavy Rifle Bullets, please reach out to your local authorized dealer or manufacturer. Always ensure you have the latest safety information and product updates.

## **Conclusion**

By following these safety guidelines and instructions, you can ensure a safer experience while using AFrame Heavy Rifle Bullets. Always prioritize safety and stay informed about best practices and regulatory updates. Thank you for your attention to these important safety measures.
