

# A-FRAME LEVER ACTION RIFLE BULLETS - 45 CALIBER (0.457") 350GR FLAT NOSE 50/BOX

[Reloading](#) > [Bullets](#) > [Rifle Bullets](#)

In 2012, Swift will introduce its new "Lever Action Series." These new bullets are a re-configured A-Frame design. This new design allows the bullet to open up at very low velocities, which is critical in these slow moving cartridges. On the high end of the velocity scale the bullet functions well up to approximately 2700 fps. For deer size animals to dangerous game, these new A-Frame bullets offer maximum performance from your lever action rifle never before achievable.

## Attributes

- Name: [45 CALIBER \(0.457"\) 350GR FLAT NOSE 50/BOX](#)
- Manufacturer: [SWIFT BULLET](#)
- Product no.: 749101067
- Mfr. No.: 453509
- Ballistic Coefficient (G1): 0.172
- Brand Style: A-Frame
- Bullet Style: Flat Nose (FN)
- Caliber: 45 Caliber
- Diameter (in): 0.457
- Grain: 350
- Sectional Density: 0.238
- Quantity: 50
- Delivery weight: 1.179kg
- Shipping height: 41mm
- Shipping width: 84mm
- Shipping length: 160mm
- UPC: 713351453509

## Item details

Made in USA

US export classification: 0A505.x

# AFRAME LEVER ACTION RIFLE BULLETS 45 CALIBER (0.457") 350GR FLAT NOSE 50/BOX

## Safety Instruction Guide

### Introduction

Thank you for choosing the AFrame Lever Action Rifle Bullets. These bullets are designed for optimal performance and safety. This guide provides essential safety instructions and guidelines to ensure safe handling and usage of the product in compliance with the EU General Product Safety Regulation (GPSR).

### General Safety Guidelines

- Ensure that all users of the product are familiar with basic firearm safety rules.
- Always handle bullets with care and store them in a secure location away from children and unauthorized users.
- Regularly inspect the bullets for any signs of damage or defects before use.
- Follow all local laws and regulations regarding the use and storage of ammunition.
- Report any unsafe products or incidents to the appropriate authorities.

### Specific Safety Precautions for Use

- Use only in firearms that are specifically designed for .45 caliber ammunition.
- Do not exceed the manufacturer's recommended velocity limits of approximately 2700 fps.
- Avoid using bullets that show signs of corrosion, dents, or other damage.
- Wear appropriate eye and ear protection when using firearms.
- Ensure the area is clear of bystanders before discharging the firearm.
- Be aware of your target and what lies beyond it.

### Instructions for Installation and Usage

- **Installation:**

- Ensure your firearm is unloaded before attempting to install bullets.
- Open the packaging carefully to avoid damaging the bullets.
- Insert the bullets into the firearm's chamber according to the manufacturer's instructions.

- **Usage:**

- Always check the firearm's manual for specific loading and firing instructions.
- Aim the firearm in a safe direction and ensure the safety is engaged until ready to fire.
- Fire only when you are confident of your target and the surrounding area is clear.
- After firing, ensure the firearm is safely stored and unloaded.

### Disposal Instructions

- Dispose of any unused or damaged bullets in accordance with local regulations.
- Do not throw bullets in regular trash. Contact local waste management for proper disposal methods.
- Store any hazardous waste from bullets (e.g., packaging) in a safe manner until proper disposal can be arranged.

## **Contact Information for Further Support**

For safety inquiries or further assistance, please refer to the contact details provided by your retailer or visit the manufacturer's website.

## **Conclusion**

By following these safety instructions and guidelines, you can ensure a safe and enjoyable experience with the AFRAME LEVER ACTION RIFLE BULLETS. Always prioritize safety and adhere to all local laws and regulations when handling ammunition. Thank you for your attention to these important safety measures.
