

RIFLE CLEANING RODS - BORE TECH 22 CALIBER 30" CLEANING ROD

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rods](#)

The Bore Tech Proof Positive Bore Stix feature a proprietary alloy ferrule which eliminates any false indication of copper fouling in your bore. This paired with a new chemically resistant coating make the Proof Positive rods some of the finest available. Proof Positive Bore Stix feature caliber-specific steel cores with a cushioned ball bearing handle, which effortlessly follows your barrel rifling. The ergonomic, cushioned handle prevents any damage to your rifle stock. Proof Positive Jags sold separately. Here's a list of Proof Positive Bore Stix features: - Proprietary alloy and secondary treatment process eliminates false copper reading - As soft and safe as brass with exceptional strength to prevent damage during use - Female ended ferrule is machined to provide an edge-free transition between rod and Proof Positive Jag. Eliminates the need for adaptors. - Highly advanced rod coating that provides anti-wear characteristics and prevents debris from embedding - Ergonomic, cushioned handle with an unparalleled ball bearing system. All .17 & .20 caliber rods use 5-40 threads. All others are 8-32.

Safety Instruction Guide for RIFLE CLEANING RODS BORE TECH 22 CALIBER 30" CLEANING ROD

Introduction

Thank you for choosing the Bore Tech Proof Positive Bore Stix, designed for cleaning your rifle effectively and safely. This guide provides essential safety instructions and information to ensure your safe use of the product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that the cleaning rod is used only for its intended purpose, which is to clean rifle barrels.
- Always handle the cleaning rod with care to prevent injury.
- Keep the cleaning rod and all accessories out of reach of children to avoid accidents.
- Regularly inspect the cleaning rod for any signs of wear or damage before use.
- If any part of the cleaning rod is damaged, discontinue use immediately and replace it.

Specific Safety Precautions for Use

- Always wear appropriate eye protection while using the cleaning rod to prevent injury from debris.
- Use the cleaning rod in a wellventilated area to avoid inhalation of any cleaning agents or debris.
- Ensure the rifle is unloaded and pointed in a safe direction before using the cleaning rod.
- Avoid using excessive force when cleaning to prevent damage to the rifle barrel or cleaning rod.
- Follow the manufacturer's instructions for any cleaning solutions used in conjunction with the cleaning rod.

Instructions for Installation and Usage

1. Preparation:

- Ensure that your rifle is completely unloaded and pointed in a safe direction.
- Gather all necessary cleaning materials, including the Bore Tech Proof Positive Bore Stix and any cleaning solutions.

2. Using the Cleaning Rod:

- Attach the appropriate Proof Positive Jag to the end of the cleaning rod.
- Apply a small amount of cleaning solution to the jag or directly into the bore of the rifle.
- Insert the cleaning rod into the rifle barrel gently, ensuring it follows the rifling.
- Use smooth, even strokes to clean the bore. Do not force the rod.
- After cleaning, remove the cleaning rod and inspect for any fouling or debris.

3. PostUse Care:

- Clean the cleaning rod after each use to prevent residue buildup.
- Store the cleaning rod in a safe, dry place away from moisture and direct sunlight.

Disposal Instructions

- Dispose of any cleaning solutions used in accordance with local regulations.
- When the cleaning rod reaches the end of its usable life, dispose of it responsibly by following local waste disposal guidelines for metal products.

Contact Information for Further Support

For any questions or concerns regarding the use of the Bore Tech Proof Positive Bore Stix, please refer to the manufacturer's customer support resources.

By following these safety guidelines and instructions, you can ensure a safe and effective cleaning experience with your Bore Tech cleaning rod. Always prioritize safety and proper handling to protect yourself and your equipment.
