

RIFLE CLEANING RODS - BORE TECH 30 CALIBER 40" CLEANING ROD

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rods](#)

The Bore Tech Proof Positive Bore Stix feature a proprietary alloy ferrule which eliminates any false indication of copper fouling in your bore. This paired with a new chemically resistant coating make the Proof Positive rods some of the finest available. Proof Positive Bore Stix feature caliber-specific steel cores with a cushioned ball bearing handle, which effortlessly follows your barrel rifling. The ergonomic, cushioned handle prevents any damage to your rifle stock. Proof Positive Jags sold separately. Here's a list of Proof Positive Bore Stix features: - Proprietary alloy and secondary treatment process eliminates false copper reading - As soft and safe as brass with exceptional strength to prevent damage during use - Female ended ferrule is machined to provide an edge-free transition between rod and Proof Positive Jag. Eliminates the need for adaptors. - Highly advanced rod coating that provides anti-wear characteristics and prevents debris from embedding - Ergonomic, cushioned handle with an unparalleled ball bearing system. All .17 & .20 caliber rods use 5-40 threads. All others are 8-32.

Safety Instruction Guide for Bore Tech Proof Positive Bore Stix

Introduction

Thank you for choosing the Bore Tech Proof Positive Bore Stix for your rifle cleaning needs. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of this product. Please read this document carefully before use.

General Safety Guidelines

- Ensure that the cleaning rod is used in a wellventilated area.
- Always handle the cleaning rod with care to avoid injury.
- Store the Bore Stix in a dry and secure location, away from children and pets.
- Regularly inspect the cleaning rod for any signs of wear or damage before each use.
- Follow all instructions carefully to avoid accidents or misuse.

Specific Safety Precautions for Use

- Always wear protective eyewear when cleaning your rifle to prevent debris from entering your eyes.
- Ensure the rifle is unloaded and the chamber is clear before using the cleaning rod.
- Do not force the cleaning rod through the bore; apply gentle pressure to avoid damaging the rifling.
- Use only compatible jags with the Bore Stix to prevent damage to the rod or rifle.
- Keep hands dry when handling the cleaning rod to maintain a secure grip.
- Avoid using the cleaning rod with excessive force, as this may cause injury or damage.

Instructions for Installation and Usage

1. Preparation:

- Ensure that the rifle is unloaded and placed on a stable surface.
- Gather all necessary cleaning supplies, including the Bore Stix and compatible jags.

2. Attaching the Jag:

- Select the appropriate Proof Positive Jag for your caliber.
- Attach the jag to the end of the Bore Stix by screwing it onto the femaleended ferrule.

3. Cleaning Process:

- Apply a suitable cleaning solvent to the jag or bore.
- Insert the Bore Stix into the rifle bore gently, ensuring it follows the rifling.
- Pull the cleaning rod through the bore with a smooth and steady motion.
- Repeat the process as necessary, ensuring to clean each section of the bore thoroughly.

4. PostCleaning:

- After cleaning, remove the jag from the Bore Stix.
- Wipe the Bore Stix with a clean cloth to remove any residue.
- Store the cleaning rod and jags in a cool, dry place.

Disposal Instructions

- Dispose of any used cleaning solvents in accordance with local regulations.
- Do not dispose of the Bore Stix in regular household waste if it is damaged; instead, follow your local waste disposal guidelines for hazardous materials.
- Ensure that the cleaning rod is not accessible to children or pets during disposal.

Contact Information for Further Support

For any inquiries regarding safety or product issues, please refer to the contact details provided with your purchase or visit the manufacturer's website for more information.

Conclusion

By following these safety instructions, you can ensure a safe and effective cleaning experience with your Bore Tech Proof Positive Bore Stix. Always prioritize safety and proper handling to maintain both your equipment and personal wellbeing.
