

# PROOF POSITIVE PIERCE STYLE JAGS - BORE TECH 20 CALIBER PROOF POSITIVE RIFLE JAG

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rod Jags](#)

Want proof your barrel is clean? Unlike traditional brass jags that can give a "false positive" when testing barrels for copper fouling, Bore Tech makes a proprietary heavy-duty alloy jag that has excellent tensile strength and features a special coating that seals the jag to protect it against harsh chemicals and makes it 100% barrel safe. Eliminating brass with a Proof-Positive Jag will not only give you a cleaner rifle bore, but you'll save time and money by cutting back on wasted patches and chemicals. Proof-Positive Jags are precision machined to strict tolerances to provide true, concentric pressure on barrel surfaces. Get the best cleaning results by using Proof-Positive Jags with Bore Tech's Bore Stix.

## Attributes

# PROOF POSITIVE PIERCE STYLE JAGS BORE TECH 20 CALIBER PROOF POSITIVE RIFLE JAG Safety Instructions

## Introduction

Thank you for choosing the PROOF POSITIVE PIERCE STYLE JAGS BORE TECH 20 CALIBER PROOF POSITIVE RIFLE JAG. This product is designed to provide an efficient and effective cleaning solution for your rifle. To ensure safe and proper use, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Always ensure that the firearm is unloaded before cleaning.
- Use the jag only for its intended purpose: cleaning rifle barrels.
- Keep the jag out of reach of children and unauthorized users.
- Inspect the jag for any signs of damage before each use.
- Do not use the jag with any chemicals or solvents that are not recommended by the manufacturer.
- If you experience any discomfort or adverse effects while using the product, discontinue use immediately and consult a professional.

## Specific Safety Precautions for Use

- **Hazard Identification:** The jag may pose risks if used improperly, including injury from sharp edges or chemical exposure.
- **Avoiding Hazards:**
  - Always wear protective eyewear when cleaning your firearm.
  - Use gloves to protect your hands from harsh chemicals.
  - Ensure adequate ventilation in your cleaning area to avoid inhaling fumes.
- **Age Specific Warnings:** This product is not suitable for use by children. Adult supervision is required when used around minors.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure your firearm is completely unloaded and pointed in a safe direction.
- Gather all necessary cleaning supplies, including the Proof Positive Jag and Bore Stix.

### 2. Installation:

- Attach the Proof Positive Jag to the cleaning rod by following the manufacturer's instructions.
- Ensure that the jag is securely fastened to prevent detachment during use.

### 3. Usage:

- Apply the recommended cleaning solvent to the cleaning patch.
- Insert the cleaning patch onto the jag and ensure it is properly seated.
- Insert the jag into the rifle barrel, applying gentle pressure as you push it through.
- Pull the jag back out of the barrel, ensuring that the patch has removed fouling.
- Repeat the process as necessary until the barrel is clean.
- After use, clean the jag with appropriate solvents and store it in a safe place.

## **Disposal Instructions**

- Dispose of used cleaning patches and chemicals according to local regulations.
- Do not dispose of the jag or any cleaning components in regular household waste.
- Check with local waste management authorities for proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the PROOF POSITIVE PIERCE STYLE JAGS BORE TECH 20 CALIBER PROOF POSITIVE RIFLE JAG, please refer to the manufacturer's contact information provided with the product.

By following these safety instructions, you can ensure a safe and effective cleaning experience with your Proof Positive Jag. Thank you for prioritizing safety and proper care of your firearm.
