

PROOF POSITIVE NYLON BORE BRUSHES - BORE TECH 338 CALIBER NYLON BORE BRUSH 3/PACK

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Snakes](#)

Bore Tech understands the need for premium quality nylon brushes, which is why they have constructed these double wound Proof-Positive Nylon Brushes that feature superior construction and materials. These brushes have twice as many bristles as competing brands to double the scrubbing action and shorten the cleaning process. Features oversized bristles for added strength, and non-brass cores and couplers that prevent the appearance of copper fouling remaining in your bores. The .17 and .20 caliber rifle brushes are 1" shorter in length to reduce the force needed to push the brush through and prevent barrel damage. For best results use Proof-Positive Nylon Brushes with fast acting copper cleaners like Bore Tech's Eliminator and CU+2 Copper Remover.

Attributes

- Name: [BORE TECH 338 CALIBER NYLON BORE BRUSH 3/PACK](#)
- Manufacturer: [BORE TECH](#)
- Product no.: 749101653

PROOF POSITIVE NYLON BORE BRUSHES SAFETY INSTRUCTION GUIDE

Introduction

Thank you for choosing the PROOF POSITIVE NYLON BORE BRUSHES by Bore Tech. This product is designed for the effective cleaning of firearm bores, specifically for the .338 caliber. To ensure safe and effective use of this product, please read and follow the guidelines outlined in this safety instruction guide.

General Safety Guidelines

- Ensure that you are using the product as intended.
- Always inspect the brushes before use for any signs of damage or wear.
- Keep the brushes out of reach of children and vulnerable individuals.
- Use in a wellventilated area to avoid inhaling any cleaning agents or debris.
- Follow all manufacturer instructions for cleaning agents used in conjunction with the brushes.
- Report any unsafe product incidents to the relevant authorities.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), such as gloves and safety goggles, when using cleaning products.
- Do not use the brushes on hot surfaces or when they are heated.
- Avoid using excessive force when pushing the brushes through the bore to prevent barrel damage.
- Ensure that the brush is properly attached to the cleaning rod to prevent detachment during use.
- Do not use the brushes with abrasive cleaning agents that may damage the nylon bristles.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is unloaded and in a safe condition before cleaning.
- Gather necessary cleaning supplies, including the PROOF POSITIVE NYLON BORE BRUSH, cleaning rod, and cleaning solvent.

2. Installation:

- Attach the appropriate bore brush to the cleaning rod securely.
- Ensure the connection is tight to prevent the brush from detaching during use.

3. Usage:

- Apply the cleaning solvent to the brush or directly into the bore as per the solvent instructions.
- Insert the brush into the bore gently, ensuring it is aligned correctly.
- Push the brush through the bore with a smooth motion, taking care not to apply excessive force.
- Pull the brush back out of the bore slowly and carefully.
- Repeat the process as necessary, typically 23 passes for effective cleaning.
- After use, clean the brush to maintain its integrity and performance.

4. PostCleaning:

- Inspect the brush for any damage and replace if necessary.
- Store the brushes in a dry, cool place away from direct sunlight.

Disposal Instructions

- Dispose of the brushes in accordance with local regulations.
- Do not dispose of the brushes in regular household waste if they are contaminated with hazardous materials.
- Check with local waste management services for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the PROOF POSITIVE NYLON BORE BRUSHES, please refer to the manufacturer's website or customer service for assistance.

By following the instructions and guidelines outlined in this safety instruction guide, you can ensure a safe and effective experience with your PROOF POSITIVE NYLON BORE BRUSHES. Thank you for prioritizing safety and responsible usage.
