

# PROOF POSITIVE NYLON BORE BRUSHES - BORE TECH 22 CALIBER NYLON BORE BRUSH 3/PACK

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Snakes](#)

Bore Tech understands the need for premium quality nylon brushes, which is why they have constructed these double wound Proof-Positive Nylon Brushes that feature superior construction and materials. These brushes have twice as many bristles as competing brands to double the scrubbing action and shorten the cleaning process. Features oversized bristles for added strength, and non-brass cores and couplers that prevent the appearance of copper fouling remaining in your bores. The .17 and .20 caliber rifle brushes are 1" shorter in length to reduce the force needed to push the brush through and prevent barrel damage. For best results use Proof-Positive Nylon Brushes with fast acting copper cleaners like Bore Tech's Eliminator and CU+2 Copper Remover.

## Attributes

- Name: [BORE TECH 22 CALIBER NYLON BORE BRUSH 3/PACK](#)
- Manufacturer: [BORE TECH](#)
- Product no.: 749101658

# Safety Instruction Guide for PROOF POSITIVE NYLON BORE BRUSHES

## Introduction

Thank you for choosing the PROOF POSITIVE NYLON BORE BRUSHES by Bore Tech. This product is designed to provide effective cleaning for your firearms while ensuring safety during use. Please read this safety instruction guide carefully to understand how to use the product safely and responsibly.

## General Safety Guidelines

- Always ensure the firearm is unloaded before cleaning.
- Use the bore brushes only for their intended purpose—cleaning firearm bores.
- Keep the bore brushes out of reach of children and vulnerable individuals.
- Inspect the bore brushes for any damage before use. Do not use if damaged.
- Store the bore brushes in a cool, dry place away from direct sunlight.
- Follow local laws and regulations regarding the cleaning and maintenance of firearms.

## Specific Safety Precautions for Use

- Wear safety glasses to protect your eyes from potential debris when cleaning.
- Use gloves to avoid direct contact with cleaning solvents and chemicals.
- Ensure proper ventilation when using cleaning solvents to avoid inhalation of fumes.
- Do not force the bore brush into the barrel. If resistance is felt, stop and inspect for obstructions.
- Avoid using the bore brushes on firearms that are not compatible with the specified caliber.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure your firearm is completely unloaded.
- Gather all necessary cleaning supplies, including the bore brush and cleaning solvent.

### 2. Using the Bore Brush:

- Attach the bore brush to a cleaning rod or handle.
- Apply a suitable cleaning solvent to the bore brush.
- Insert the bore brush into the barrel from the chamber end (if applicable).
- Gently push the brush through the barrel and pull it back out. Repeat as necessary.
- Use a cleaning patch to remove any residue after brushing.

### 3. PostCleaning:

- After cleaning, inspect the bore for cleanliness and ensure no bristles are left behind.
- Store the bore brush in its original packaging or a safe location.

## Disposal Instructions

- Dispose of any used cleaning solvents and materials according to local regulations.
- Do not dispose of bore brushes in regular household waste. Check with local waste management for proper disposal methods.

## **Contact Information for Further Support**

For any inquiries regarding the safety or usage of the PROOF POSITIVE NYLON BORE BRUSHES, please refer to the contact information provided by the retailer or manufacturer.

By following these safety instructions, you can ensure a safe and effective cleaning process for your firearms. Thank you for your attention to these important safety guidelines.
