

PROOF POSITIVE NYLON BORE BRUSHES - BORE TECH 6.5MM NYLON BORE BRUSH 3/PACK

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Snakes](#)

Bore Tech understands the need for premium quality nylon brushes, which is why they have constructed these double wound Proof-Positive Nylon Brushes that feature superior construction and materials. These brushes have twice as many bristles as competing brands to double the scrubbing action and shorten the cleaning process. Features oversized bristles for added strength, and non-brass cores and couplers that prevent the appearance of copper fouling remaining in your bores. The .17 and .20 caliber rifle brushes are 1" shorter in length to reduce the force needed to push the brush through and prevent barrel damage. For best results use Proof-Positive Nylon Brushes with fast acting copper cleaners like Bore Tech's Eliminator and CU+2 Copper Remover.

Attributes

- Name: [BORE TECH 6.5MM NYLON BORE BRUSH 3/PACK](#)
- Manufacturer: [BORE TECH](#)
- Product no.: 749101660
- Mfr. No.: BTNR-65-003

Safety Instruction Guide for PROOF POSITIVE NYLON BORE BRUSHES

Introduction

Thank you for choosing the PROOF POSITIVE NYLON BORE BRUSHES by Bore Tech. These brushes are designed for effective cleaning of firearms, specifically rifles. This guide provides essential safety information to ensure the safe and proper use of this product in compliance with EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always read and understand the instructions before using the product.
- Ensure that the brushes are used only for their intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the brushes for any signs of wear or damage before use.
- Report any unsafe products or incidents to the appropriate authorities.
- Stay informed about product recalls through the EU Safety Gate platform.

Specific Safety Precautions for Use

- Handle the brushes with care to avoid injury.
- Do not use the brushes while the firearm is loaded.
- Ensure that the firearm is pointed in a safe direction when cleaning.
- Avoid applying excessive force when pushing the brush through the bore to prevent barrel damage.
- Use only with recommended cleaning solutions, such as Bore Tech's Eliminator and CU+2 Copper Remover.
- Store the brushes in a cool, dry place away from direct sunlight.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is unloaded and in a safe condition.
- Gather all necessary cleaning materials, including the Bore Tech nylon brushes and cleaning solutions.

2. Using the Bore Brush:

- Select the appropriate caliber brush (6.5 mm for .264 caliber).
- Attach the brush to a cleaning rod or handle securely.
- Apply a small amount of cleaning solution to the brush.
- Insert the brush into the bore from the chamber end, if possible.
- Gently push the brush through the bore, using a smooth and steady motion.
- Pull the brush back out of the bore and repeat as necessary.
- Clean the brush after use to maintain its effectiveness.

3. PostCleaning:

- After cleaning, ensure the firearm is reassembled correctly.
- Store the brushes in their original packaging or a designated cleaning kit.

Disposal Instructions

- Dispose of the brushes in accordance with local regulations.
- Do not dispose of the brushes in the household waste if they are contaminated with cleaning solutions.
- Check with local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any safety inquiries or additional support regarding the use of PROOF POSITIVE NYLON BORE BRUSHES, please refer to your local Bore Tech distributor or authorized retailer.

Thank you for prioritizing safety and proper usage of your PROOF POSITIVE NYLON BORE BRUSHES. Enjoy your cleaning experience!
