Safety Instruction Guide for Forster Sizing Die Decapping Unit 308 Win

Introduction

Thank you for choosing the Forster Sizing Die Decapping Unit 308 Win. This product is designed to enhance your reloading experience by providing reliable decapping assemblies for Forster Full Length and Neck Sizing Dies. Please read and follow these safety instructions carefully to ensure safe and effective use of this product.

General Safety Guidelines

- Ensure that you are familiar with the operation of your reloading equipment before using the decapping unit.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling reloading components.
- Keep the decapping unit and all reloading materials out of reach of children and unauthorized individuals.
- Inspect the decapping unit for any damage or wear before each use. Do not use if any parts are damaged.
- Store the decapping unit in a dry, secure place when not in use to prevent accidental damage or misuse.

Specific Safety Precautions for Use

- Use only with Forster Full Length and Neck Sizing Dies designed for the 308 Winchester cartridge.
- Do not attempt to modify or alter any components of the decapping unit.
- Follow all manufacturer instructions for the proper installation and use of the decapping unit.
- Avoid using excessive force during operation, as this may lead to equipment failure or personal injury.
- Be aware of the potential hazards associated with reloading, including the risks of handling primers and powders.

Instructions for Installation and Usage

1. Installation:

- Ensure that your reloading press is securely mounted and stable.
- Remove the existing decapping assembly from your Forster sizing die.
- Carefully install the new decapping assembly by following these steps:
 - Insert the decap rod into the die body.
 - Secure the spindle bushing and lock nut tightly to prevent movement during operation.
 - Attach the expander ball to the decap rod as per the manufacturer's instructions.
 - Install the correct decapping pin as indicated in the product specifications.

2. Usage:

- Place the cartridge case into the sizing die.
- Operate the reloading press slowly and steadily to ensure proper decapping.
- If resistance is encountered, stop and check for obstructions or misalignment before proceeding.
- After decapping, inspect the cartridge case to ensure proper operation and remove any debris.

Disposal Instructions

- Dispose of any used or damaged decapping assemblies responsibly. Check local regulations for proper disposal methods.
- Do not throw away components in regular household waste. Instead, use designated recycling facilities.

where possible.

Contact Information for Further Support

For safety inquiries or additional support regarding the Forster Sizing Die Decapping Unit 308 Win, please refer to the manufacturer's website or contact their customer service for assistance.

By following these safety instructions, you can ensure a safe and effective experience with your Forster Sizing Die Decapping Unit. Always prioritize safety when engaging in reloading activities. Thank you for choosing Forster Products, Inc.
